Interests & Experiences

Briefly tell us about your experience and education:

I received my Bachelor's of Science in Nursing degree from Arizona State University in 2004. I earned my Master's of Science in Nursing from the University of Phoenix online in 2012. My nursing career has included Neurology at Barrow Neurological Institute at St. Joseph's Hospital, Medical Intensive Care Unit at St. Joseph's Hospital, hospice case management and triage nursing of adult and pediatric populations at Hospice of the Valley, and currently I am a Quality Management Nurse Consultant with Aetna.

Briefly tell us why you want to serve on this board/committee/commission:

I recently have been made aware of the perspectives about white women by some people of color. That is to say, I am realizing that I have not been doing enough to use my privilege as a white woman in supporting people of color. I moved to Maricopa almost two years ago and I daily become more invested in the city and its potential. I would love to combine the two interests and be a part of making Maricopa a wonderfully diverse and cohesive community. I do not have any experience as a city committee member or even any real leadership experience, but I am a voracious reader and researcher, and I have already been doing some preliminary reading about how other communities have promoted diversity and inclusion. In addition to all the wisdom I hope to glean from others in this experience, I think I could bring my research abilities and enthusiasm to this committee.
