All requests for street name changes must be submitted in writing to the Development Services office and will require a minimum of forty five (45) working days for staff review and evaluation.

The Development Services staff shall review street name change petitions in accordance with these procedures. Such review shall include, but not be limited to, the following criteria:

- a. The number and types of residences/buildings that will require a situs address change.
- b. The approval/disapproval of owners of land abutting the street.

- f. The impact on emergency response.
- g. Whether the street name change is necessary.

The Development Services staff shall prepare a report for the City Council that identifies the petition and describes: the petition's compliance with these procedures, comments received from the emergency service providers, and the percentage of property owners with land abutting the street supporting the request. This report shall then be forwarded with a recommendation to the City Council for the approval/denial of the petition.
