Details Of The Request

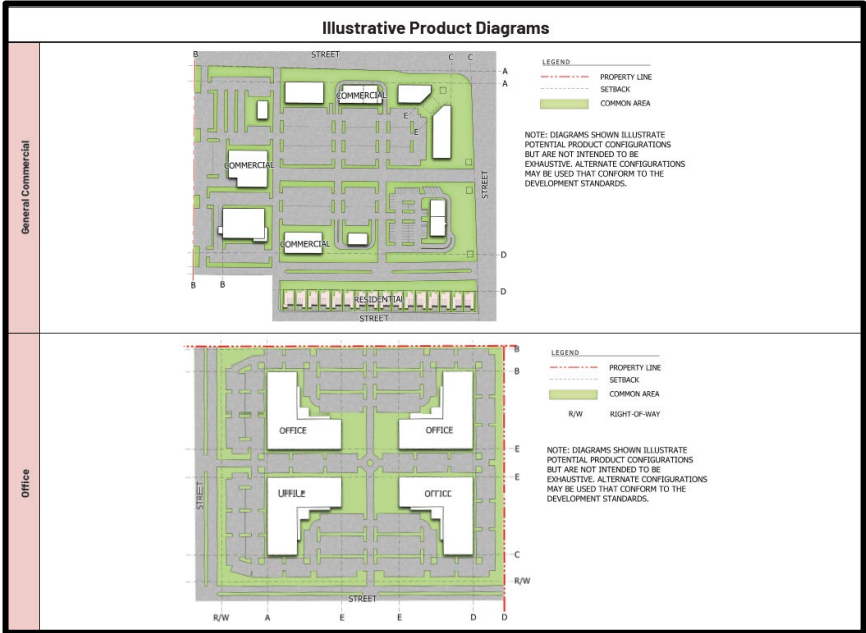

Land Use Pattern

Maricopa Towne Center:

- The PAD request focuses on a flexible land use pattern that allows for horizontal or vertical mixes of uses.
- The PAD request permits the spreading or clustering of residential densities up to a maximum of 2,113 residential units with a maximum overall density of 11.48 du/ac.
- Internal vehicular roads and pedestrian connections will be integrated and determined at time of individual development submittal.

Residential Development Standards

Maricopa Towne Center:

- The PAD permits a variety of residential land use categories from a variety of single-family products to mixed use and multi-family.
- The PAD proposes to deviate from established base zoning standards of the Mixed Use zoning district. These deviations have been offset by the custom written Design Elements section of the PAD.

Staff Analysis

Conformance with General Plan:

- The proposed General Plan future land use designation of Mixed Use (MU) will be consistent with the proposed Maricopa Towne Center PAD zoning with use of the Mixed Use zoning district as the basis for the site.

General Plan Objectives:

- Objective B1.4.6: Transition all property zoning designations from pre-existing districts to existing zoning districts in a manner that best achieves the goals of this General Plan.
 - *Staff Analysis: The requested rezone will transition the subject site from the pre-existing Transitional (TR) zoning district from Pinal County to an existing City zoning district.*
- Objective G2.1.11: Evaluate existing Community Service assets to maximize future programming and expansion of uses.
 - *Staff analysis: The request will allow for the expansion of recreational building square footage in the Copper Sky Recreational Complex and elevate the level of sports and activities programming provided for residents.*

Staff Analysis

Conformance with the Zoning Ordinance:

- The proposal meets the requirements outlined in Section 18 of the Zoning Ordinance. The Planning & Zoning Commission shall make the following findings in their recommendation to the City Council:
 1. The amendment is consistent with the General Plan.
 2. Any change in District boundaries is necessary to achieve the balance of land uses desired by the city, consistent with the General Plan, and to increase the inventory of land within a given Zoning District; and
 3. The amendment will promote the growth of the city in an orderly manner and protect the public health, safety, peace, comfort, and general welfare.
