Emergency Response & Recover Plan

Revision

What is the ERRP

- This plan describes the methods the City will use to mobilize resources and conduct emergency response and recovery activities.

- Predetermines, to the extent possible, operational policies and responsibilities of City departments, cooperating government, private and volunteer agencies for responding to and recovering from large scale emergencies.
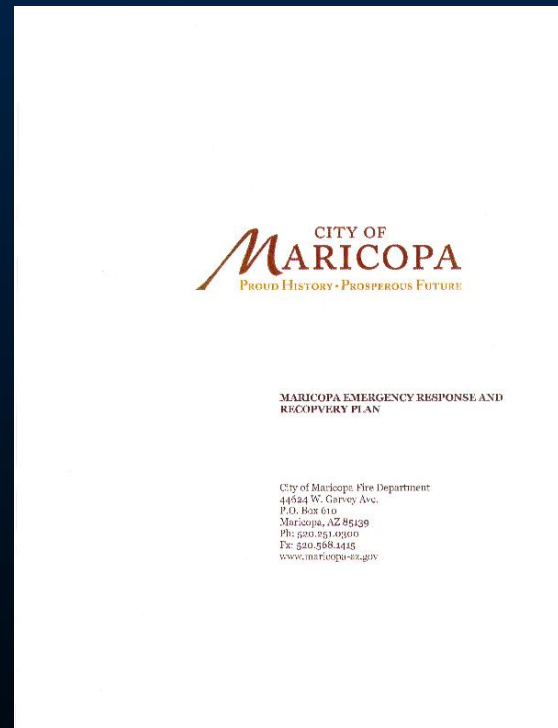

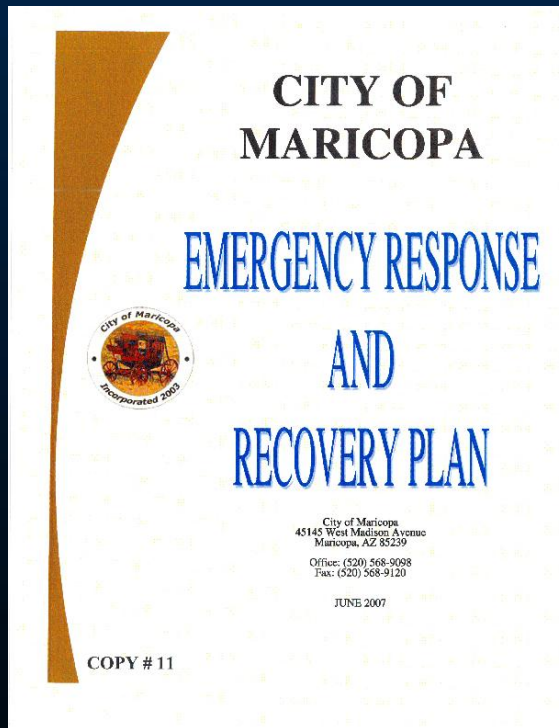

Composition of Plan

Basic Plan	A base plan that describes the structure and concept of operation.
Emergency Support Functions (ESF) Annexes	Details the missions, policies and responsibilities of departments and agencies during incidents.
Incident Annexes	Address contingency or hazard situations requiring specialized application. (Terrorism, pandemic events, etc.)
Support Annexes	Reference and support documents; glossary of terms, mutual aid agreements, authorities, SOPs.

Background

- The City of Maricopa ERRP was created and adopted in 2007 and has not been revised since.

- Revisions reflect changes due to operational needs.

- Responsive to changing conditions.

Purpose

- To re-brand the document

Purpose

- Reduce size
  - Reformatting, removing bulk reference material and rebranding reduced nearly 300 pages.

- Responds to changes in organizational structure
  - Aligns with City departments.

Purpose

- Improve Security

  - Removes large distribution list
    - 58 public, private & volunteer agencies and organizations

  - Remove sensitive information
    - Location of EOC
    - Access codes to EOC
    - Phone lists

Purpose

- The amended ERRP will replace previous versions and allow for regular and routine updates.

Future Updates

- Standard Operating Procedures

- Updating Intergovernmental and Mutual aid agreements

- Minor amendments as changing conditions dictate
