

Park Planning Workshop

City Council and Parks & Recreation Advisory Committee

October 22, 2025

CITY OF
MARICOPA
PROUD HISTORY • PROSPEROUS FUTURE

Park Timelines

The City of Maricopa has successfully opened three City Parks since 2006.

2006

Pacana Park
Opens

2014

Copper Sky Regional Park
& Multigenerational Center
Open

2024

Lake View Park
Opens

Strategic *Priorities*

Action 4.1 - To give Maricopa residents the greatest outdoor recreation experience and draw in visitors regionally, we will create an iconic park at City Center which capitalizes on public-private partnerships to deliver even more amenities.

Action 5.1 - To attract visitors from across the region and the nation, we will employ a sports and event tourism strategy that encompasses broad appeal. We will utilize bed tax funds to minimize the impact on local taxpayers while inviting visitors who can boost local businesses and enhance Maricopa's regional profile. By attracting tourists who spend their dollars in our community, we aim to create an influx of revenue that supports both local commerce and the growth of our city.

Types of Parks

Neighborhood Parks

Typically range from 1 to 10 acres and serve a local community.

Community Parks

Larger than neighborhood parks, generally between 10 and 30 acres serving a broader community.

District Parks

Typically, 30 or more acres and designed to accommodate a wide variety of unique and standard recreation facilities and activities

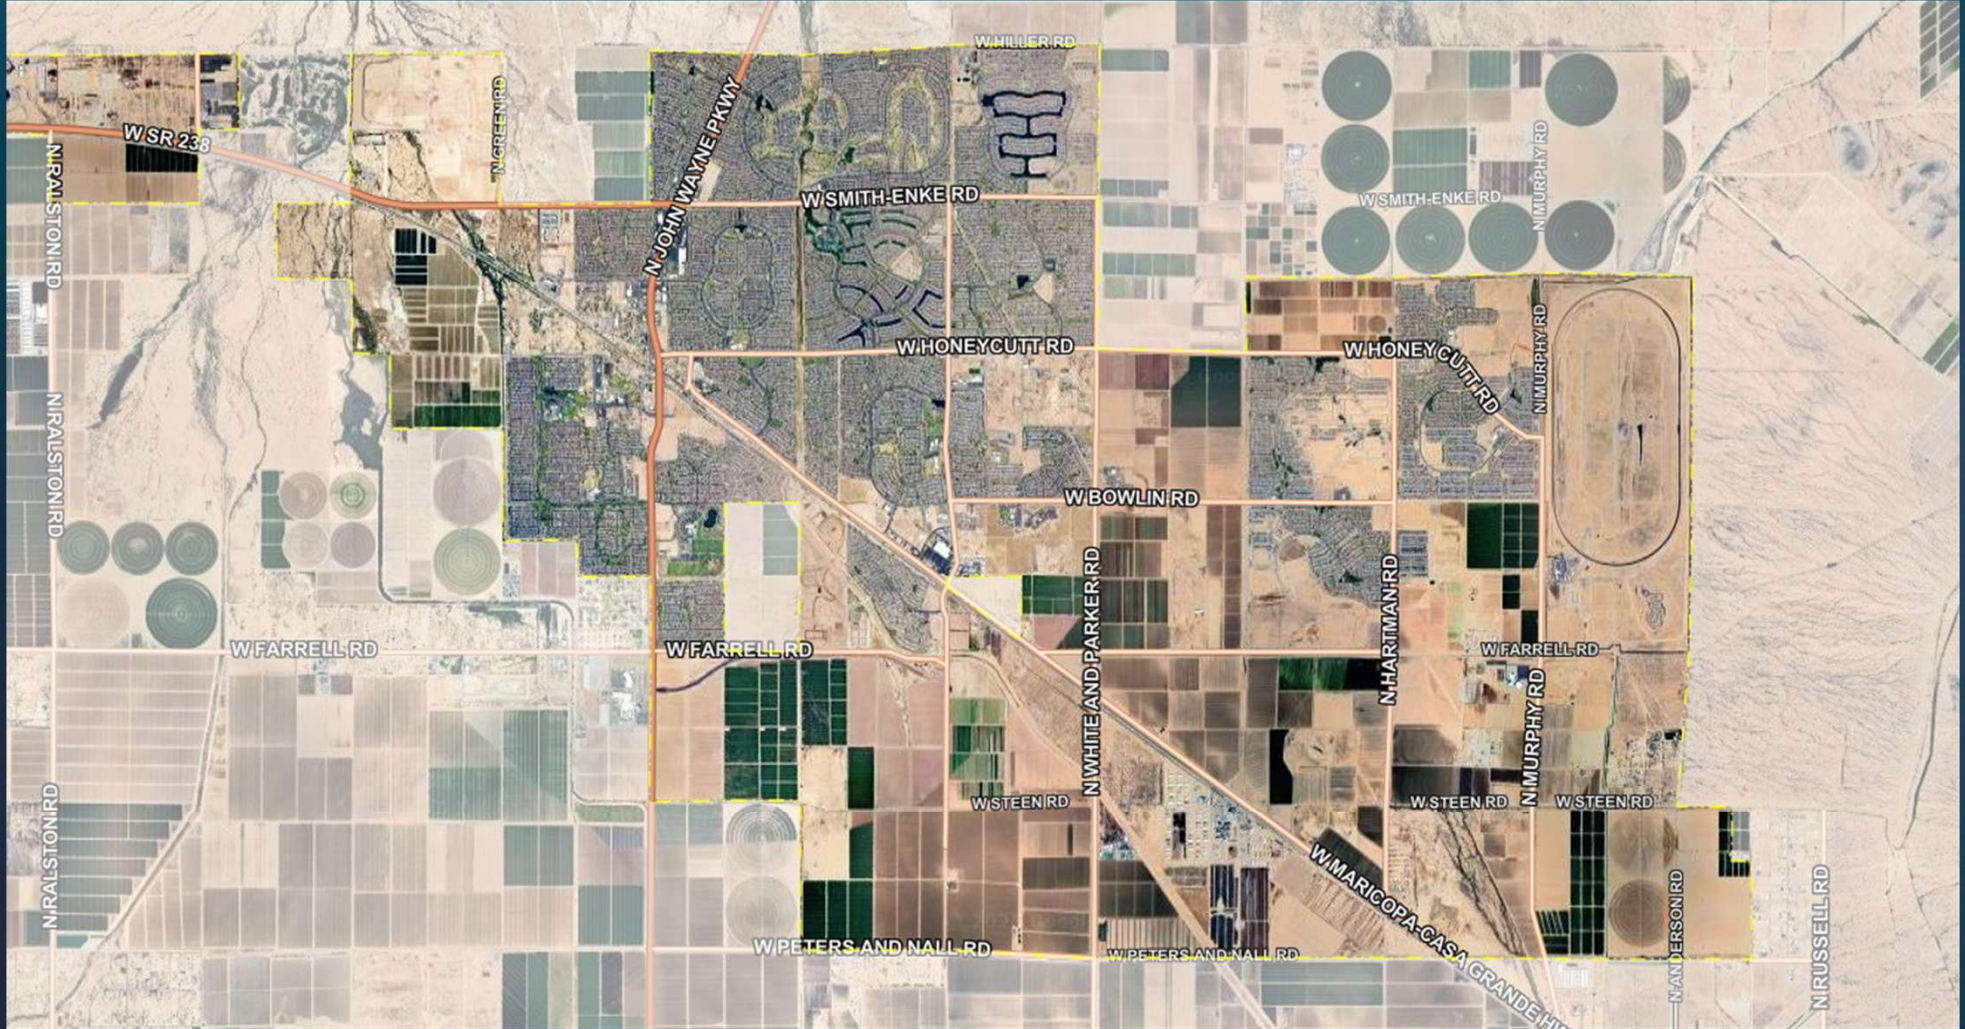

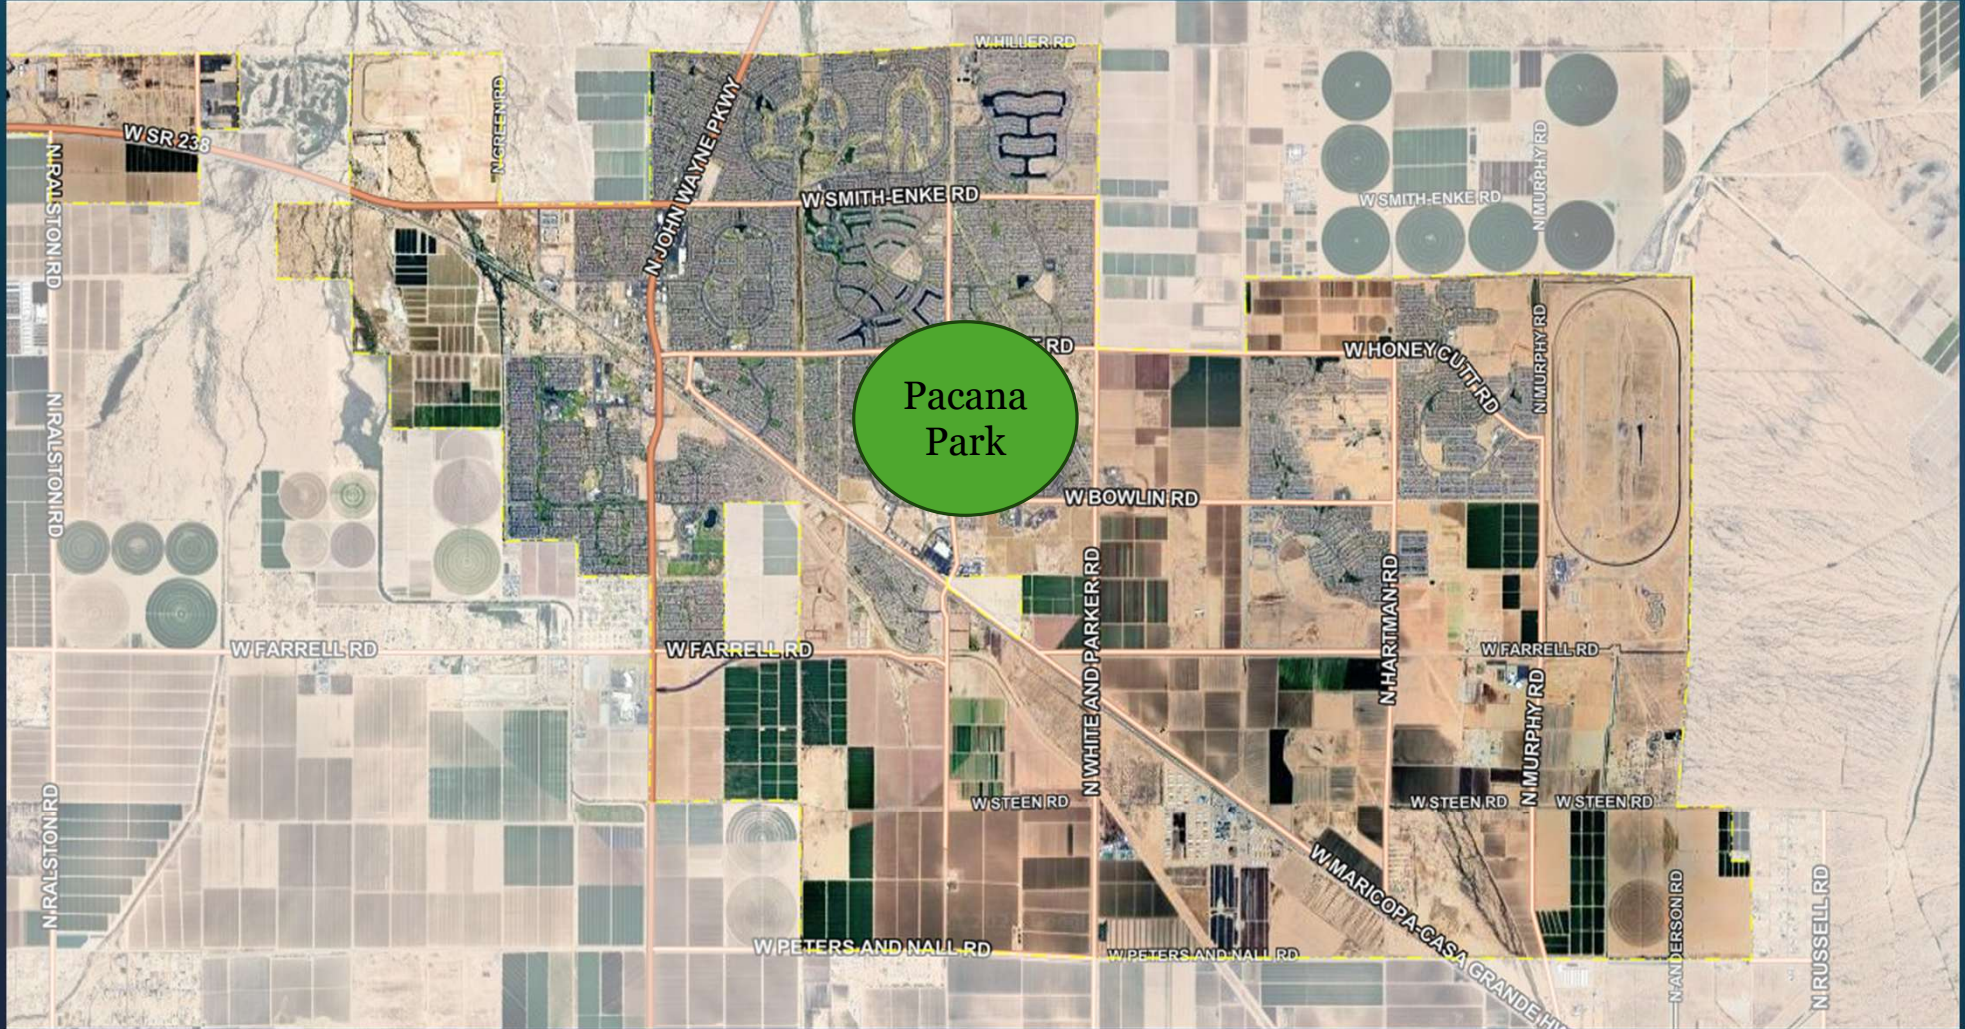

Special-Use Parks

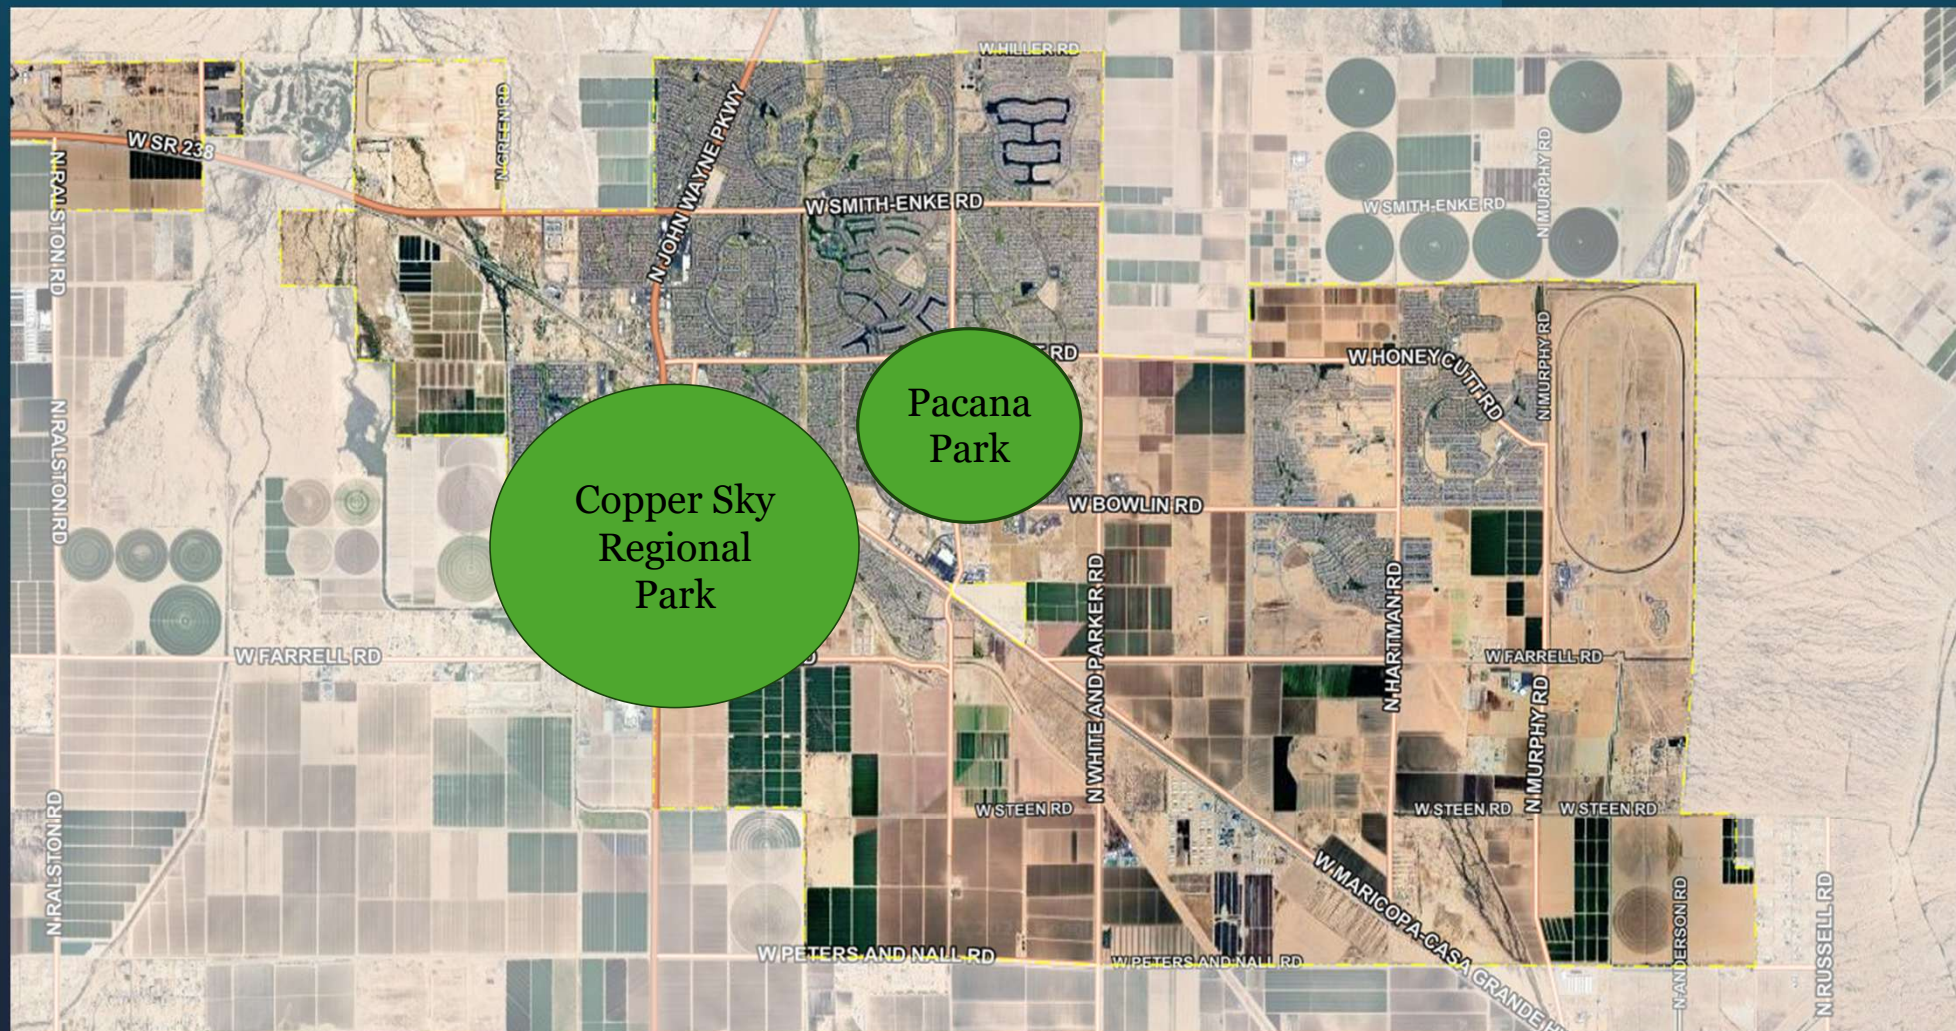

Can be any size and feature amenities like athletic complexes, zoos, historical sites, nature centers or any other unique attractions

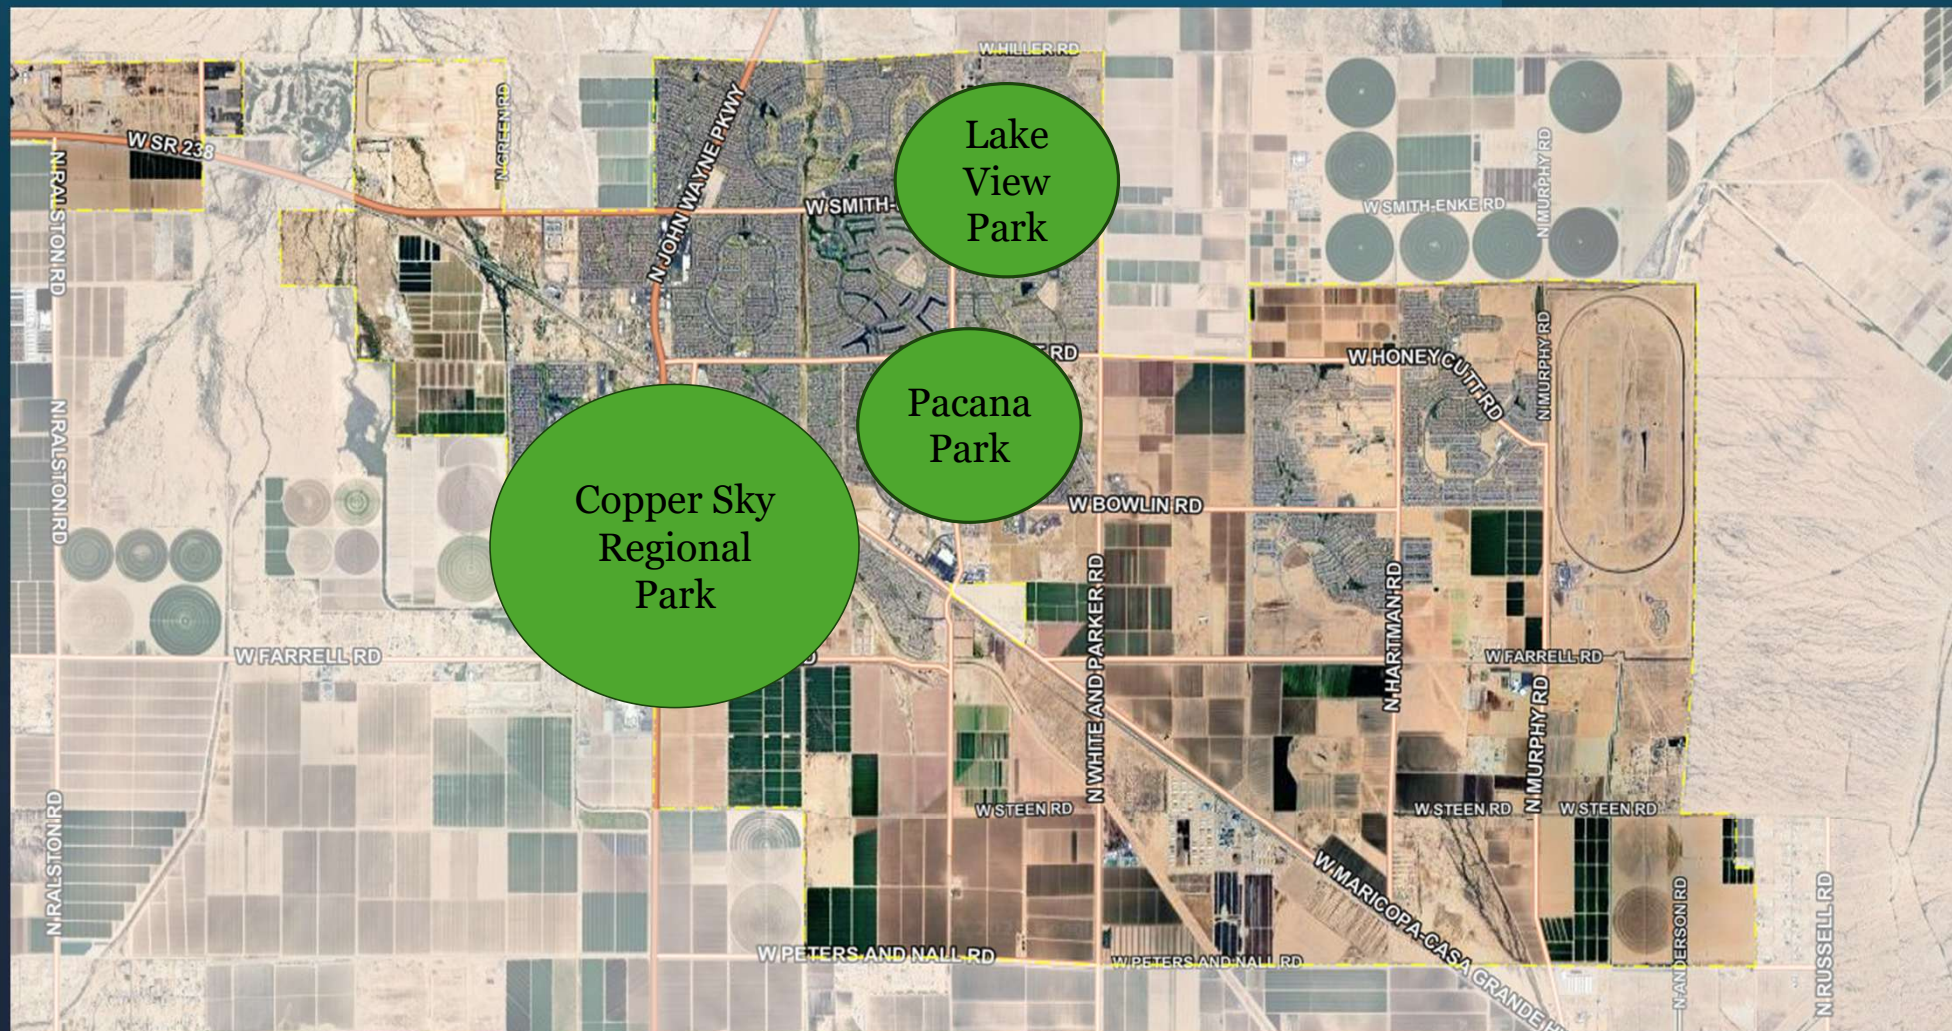

NEW TYPE OF PARK = **ICONIC**

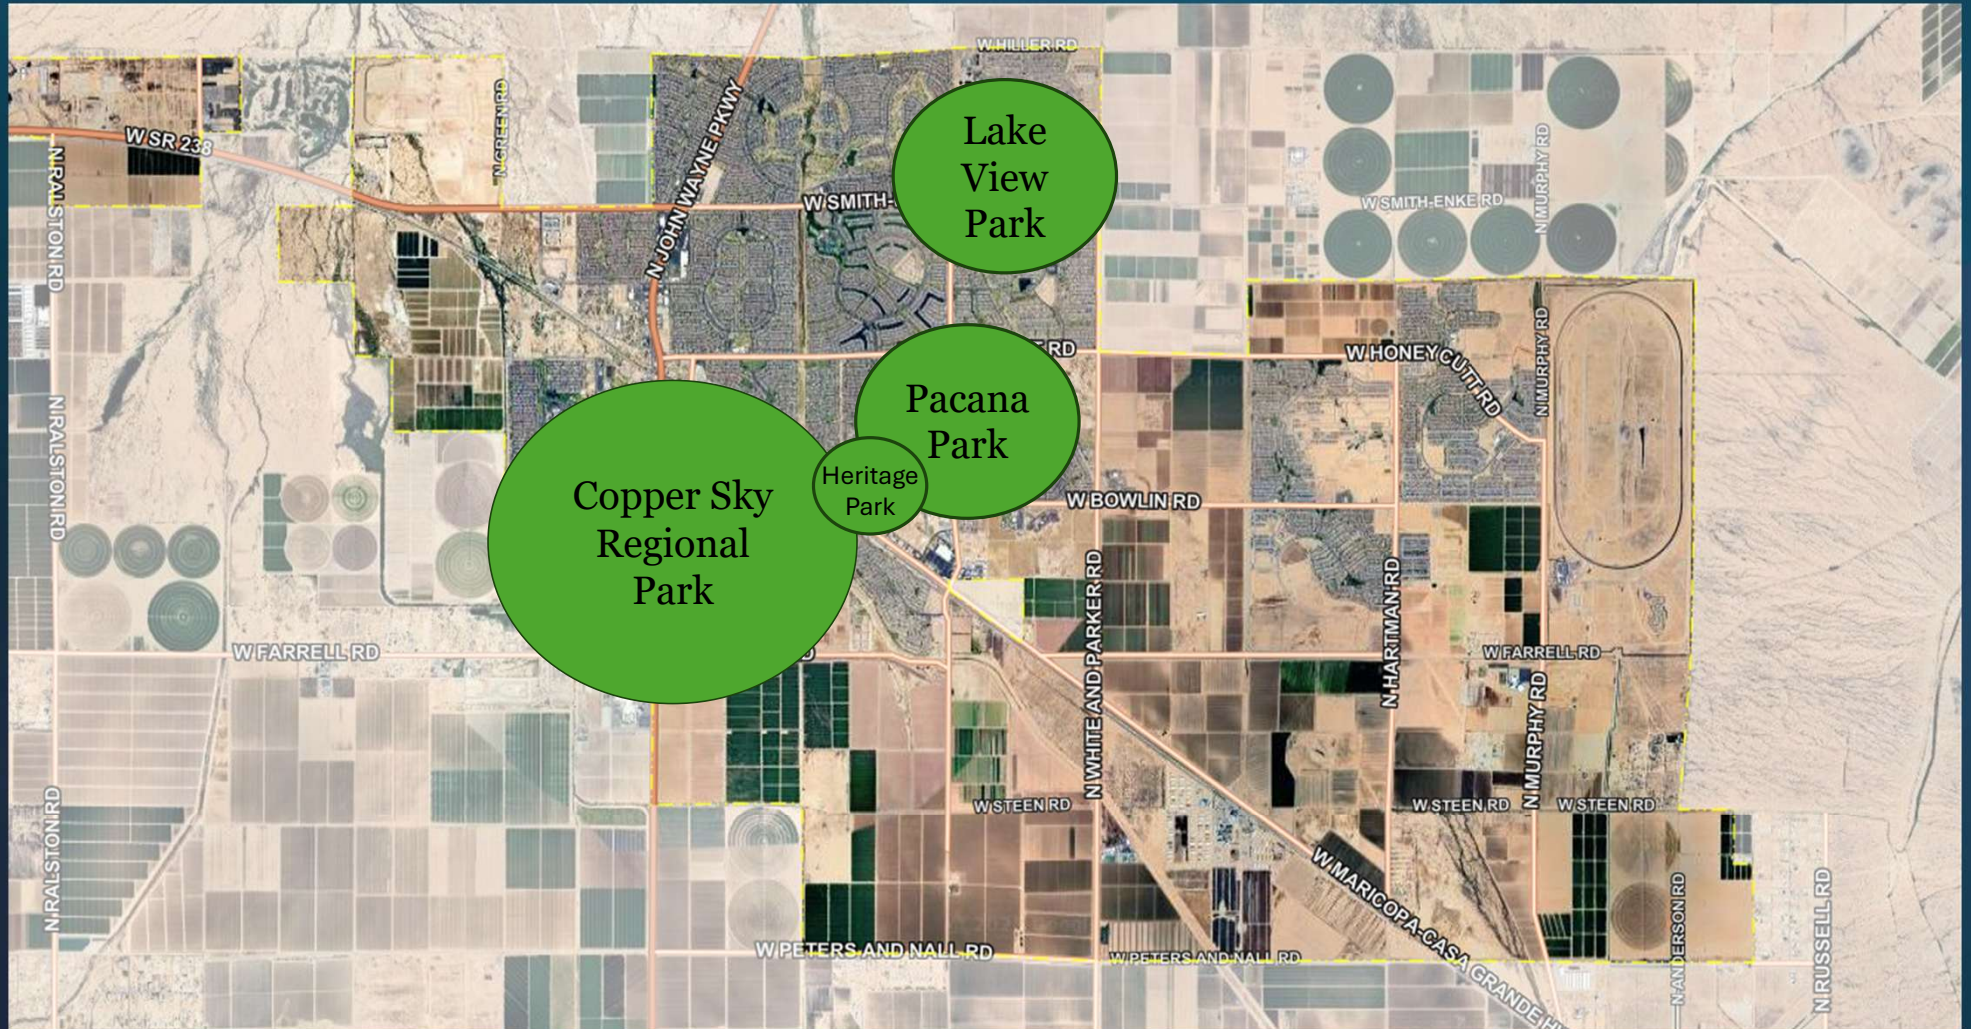

**One of a Kind
Regional Draw
Must-see
Memorable Experiences**

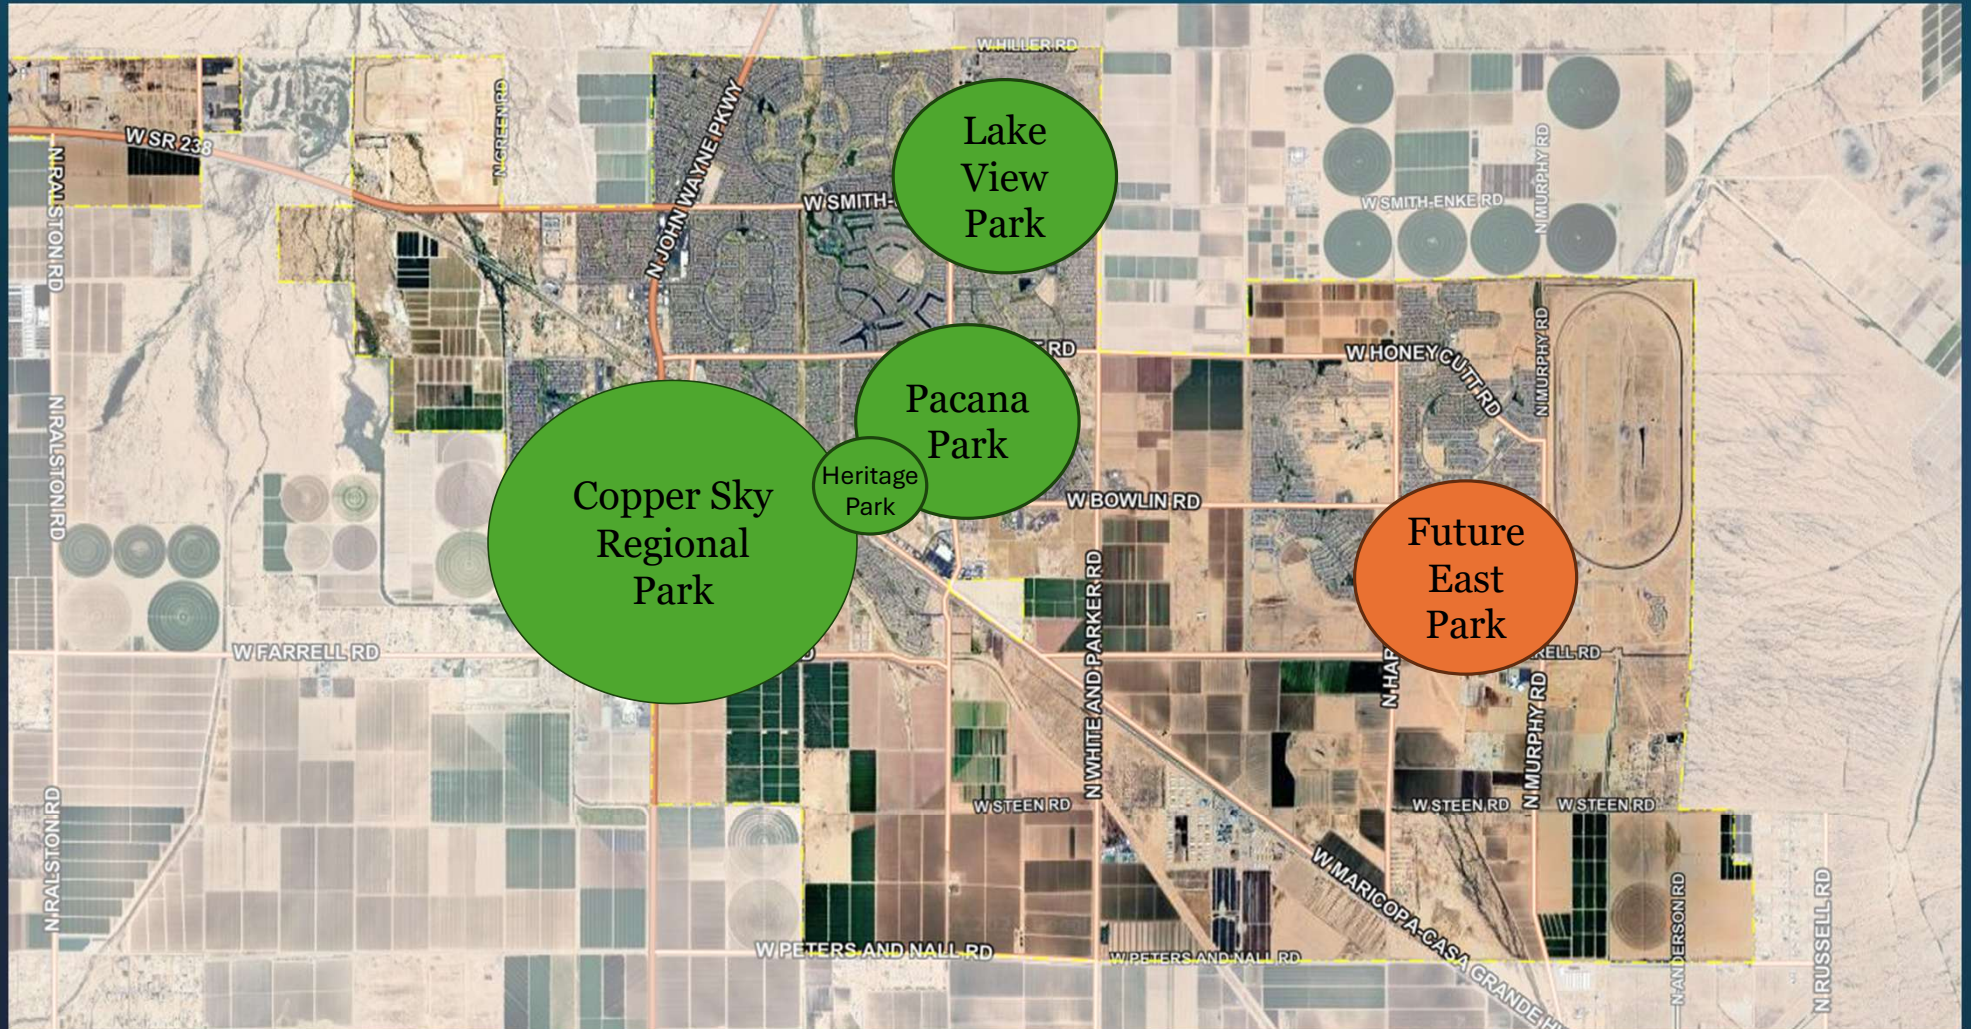

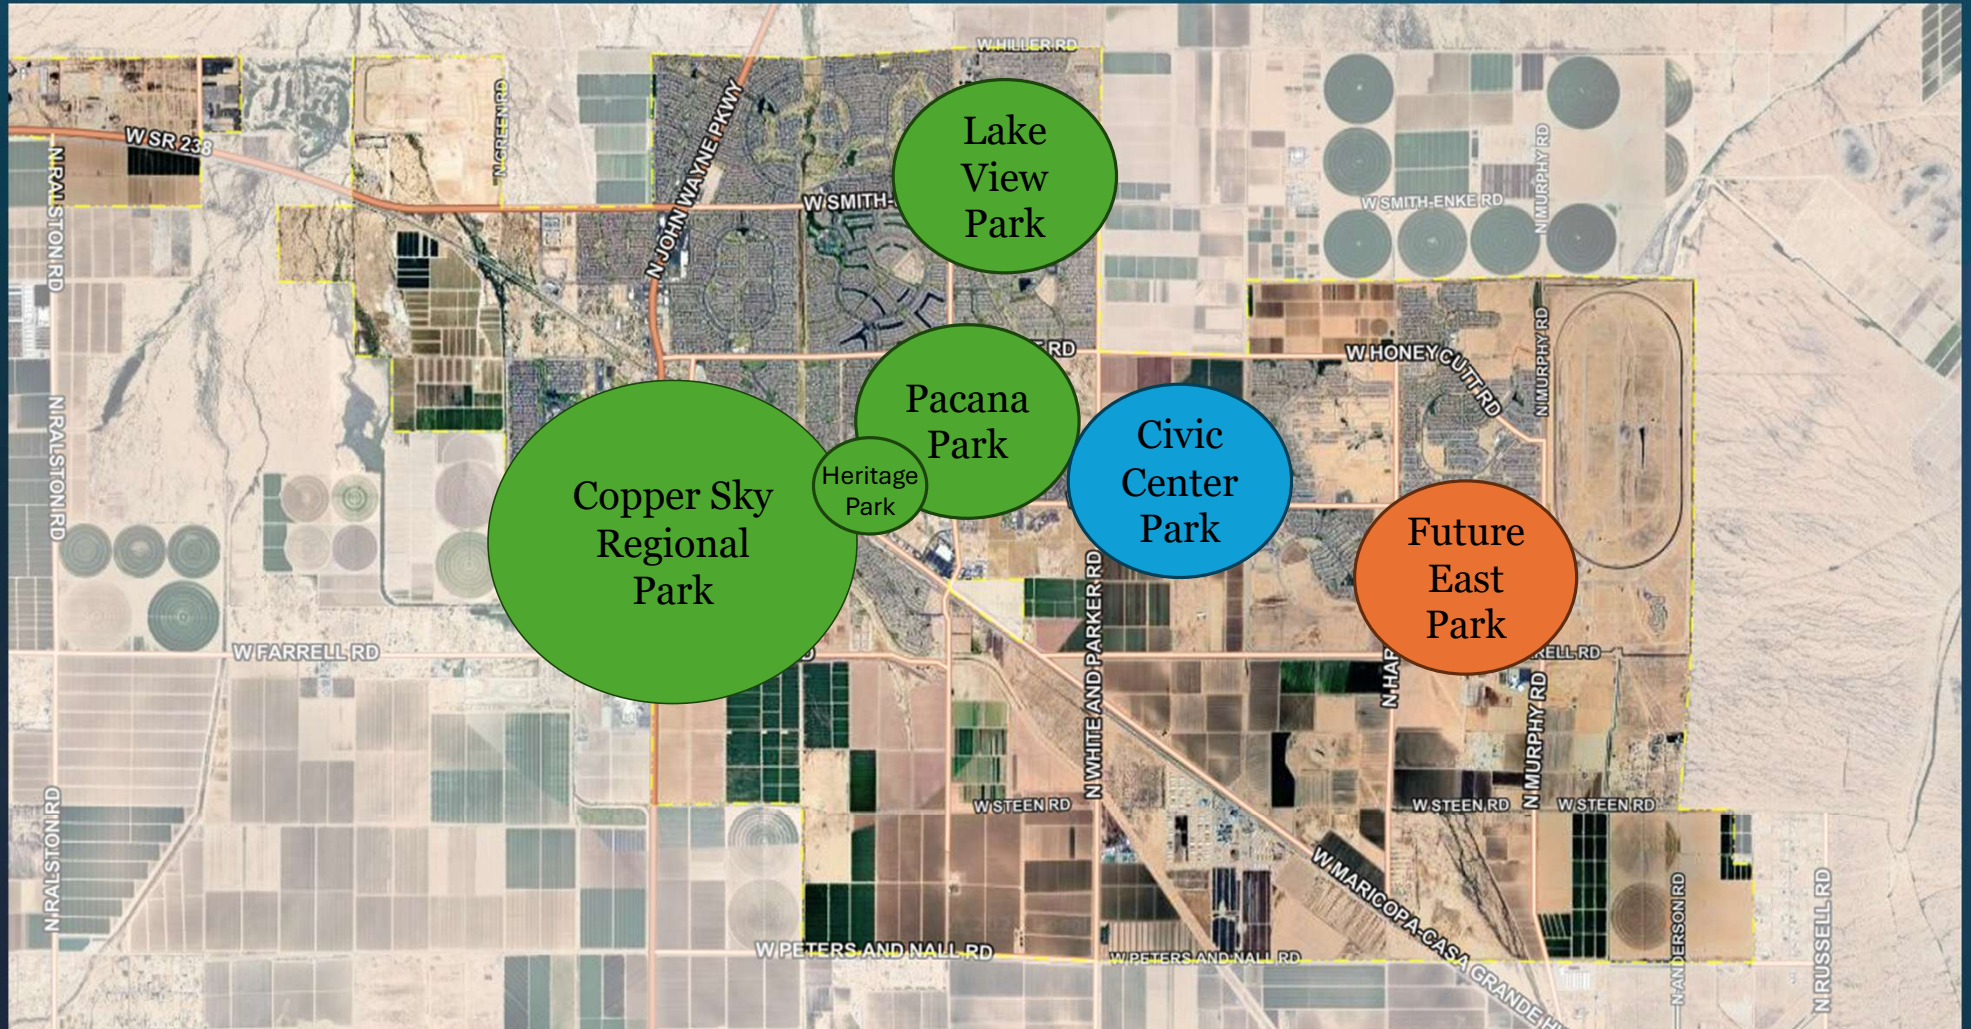

COMING UP
NEXT...
