FINAL SUMMARY AND REPORT

1. PURPOSE OF REQUEST

BFH Group is delighted to present to the City of Maricopa this application with corresponding narrative for the Minor General Plan Amendment, Rezoning, & Preliminary Site Plan submittal and approval. Per request by the applicant, the purpose of the Citizen Participation Plan is to communicate with the surrounding and adjacent property owners the request for a Minor General Plan Amendment, Rezoning, & Preliminary Site Plan Approval to the proposed approximate 16.10 gross acre Townhome-style residential development located at the southwest corner of Stonegate Road and Alan Stephens Parkway, City of Maricopa, AZ 85138, more specifically APN: 510-12-054J; -052(portion thereof). The proposed development is intended to be 318 townhome style units with a proposed gross density of 19.75 du/ac. The Minor General Plan Amendment will open the door for the developer to rezone the property to RH (High Density Residential) to permit the multi-family attached townhome-style community.

3. PRE-APPLICATION MEETING

The pre-application meeting with the City of Maricopa Development Services staff was held on May 20, 2021.

4. ACTION PLAN

As part of the Citizen's Participation Plan, the following steps and procedures were taken to allow neighboring residents and property owners the opportunities to understand the proposed improvements as well as to communicate any questions or concerns they may have with regard to the development.

1. A contact list was developed for citizens and stakeholders who are within 600 feet of the subject property.
2. All persons listing on the contact list received a mailer notification which gave a general description of the property, the site plan and an invitation to a

neighborhood meeting(s)* which was held in the Pine Room at the City of Maricopa Library.

- a. The neighborhood meeting(s)* was held to provide more information and clarification to the interested neighbors. Adequate time was set aside to answer any questions and concerns held by the neighbors. A sign-in sheet was used. A copy of the sign in sheet(s)* is provided in this report.

**Two neighborhood meetings were held. One on March 15th, 2022 and the other on March 29th, 2022. Explanation as to why is provided in the next section.*

3. Notice of the neighborhood meeting was provided at least 15 calendar days prior to the neighborhood meeting date in the following manner:

- a. Written notices were sent out via mail to each identified property owner within 600' of the property.
- b. A sign was posted on the property providing a description of the request and the neighborhood meeting date, time, and location.
- c. A newspaper ad was published in the Casa Grande Valley Newspaper providing a description of the proposed site, meeting dates and locations for the neighborhood meeting, and public hearings.

**The Applicant originally set up the neighborhood meeting date for March 15th and sent out mailers to the neighbors with that date and provided the location. However, the Applicant was not able to get the signage on site and newspaper notification within the mandatory minimum timeframe. Thus, the meeting needed to be postponed to the 29th of March in order to comply with the notification minimum standards. In order to avoid more confusion and to give neighbors adequate opportunity to meet, the Applicant maintained the initial meeting on the 14th and still met on the revised meeting date of the 29th. Minutes of both meetings are provided in this report.*

5. SCHEDULE

Pre-Application Meeting:	May 20, 2021
Application Submittal:	September 2021
Notice of Neighborhood Meeting:	15 days prior to meeting
Notification Mailed:	February 25, 2022, March 14, 2022
Sign Posted:	March 11, 2022
Newspaper Ad Published:	March 11, 2022
Neighborhood Meeting:	March 15 & 29, 2022
Submittal of Final Citizen Participation Report:	April 2022
Planning and Zoning Commission Hearing:	April 25, 2022
City Council Hearing:	May 3, 2022

6. CONCLUSION

The attendance sign-in sheet is part of this report. The minutes of the meetings summarizes the points of discussion and questions raised during the meetings. Should there be any items not recorded, or any discrepancies, please contact David Bohn at 480.734.1446 or davidb@thebfhgroup.com.

Thank you.

PUBLIC NOTICE SIGN

ZONING

City of Maricopa – Planning Division

Proposal: BFH Group is delighted to present to the City of Maricopa this Minor General Plan Amendment for the proposed approximate 16.10 gross acre Townhome-style residential development located at the southwest corner of Stonegate Road and Alan Stephens Parkway, City of Maricopa, AZ 85138, more specifically APN: 510-12-054J; -052(portion thereof). The proposed development is intended to be 318 townhome style units with a proposed gross density of 19.75 du/ac. The Minor General Plan Amendment change from Employment to HDR (High Density Residential) will open the door for the developer to rezone the property to RH (High Density Residential) to permit the multi-family attached townhome-style community.

Current Zoning: CI-1

NEIGHBORHOOD MEETING MINUTES

March 15, 2022

MEETING SUMMARY

The first neighborhood meeting was held on Tuesday, March 15th, 2022 at the City of Maricopa Library, Pine Room. The purpose of the meeting was to discuss the proposed project, share more details of potential timing of the development process and give the attending neighbors the opportunity to ask questions, express concerns and seek further clarification of the proposal. Three (3) neighbors signed the attendance sheet (see attachments). David Bohn and Garrett Seely presented with hard board displays as well as maps, details, etc. utilizing the library's presentation tools.

PRIMARY QUESTIONS AND CONCERNS RAISED:

Q: Will the site have walls / gates and how will residents both within the community and outside the community navigate this new development?

A: The site proposes walls and gates all along the perimeter. There will be a 6' CMU block wall along the commercial side (south and east), and a view fence combination wall along the street frontages. The site will be gated for both vehicular access as well as pedestrian access, of which only the residents will have direct access through and within the proposed development.

Q: How will the property be maintained?

A: Property will have onsite property management. Owners / renters will be required to adhere to strict maintenance covenants and conditions and restrictions.

Q: How will the new property ensure that residents will not bring their dogs and overrun the existing greenspace corridor located within the communities to the north, in particular within the Glennwilde subdivision?

A: An onsite dog park is proposed within this development that will attract new residents to walk their dogs onsite. This will help reduce the possibility of residents potentially doing so elsewhere. This will also provide close proximity to allow their dogs to alleviate themselves prior to leaving the site and walking off-campus. Although there is little that can be done to

control the decisions made by specific residents, the property developer also offered to share in the solution by potentially installing a wall and pedestrian gate at the location of concern – the entrance to the greenspace corridor located at the north of Stonegate Road and Alan Stephens Parkway. It is important to note that this question was raised prior to the question about the site being fenced and the explanation that there would be a dog park onsite. Clarifying both of these helped the neighbor feel more at ease, however, she did ask the developer to see about solutions within her subdivision.

Q: Will there be access on Alan Stephens Parkway and what will be done about the traffic on Maricopa Casa Grande Highway?

A: No. There will be no access to Alan Stephens as stipulated by City of Maricopa planning staff. The developer will be responsible to adhere to the City of Maricopa traffic / transportation standards to ensure that the additional vehicular traffic to the site is mitigated as efficiently and safely as possible.

Although there was some discussion concerning the possibility of crime and property values diminishing, attending neighbors were happier to hear that the site would be completely walled or fenced. Overall, the discussion went well. Other than the concerns / questions raised above, it appeared that the neighbors viewed the proposed product favorably.

Villas at Stonegate – ZON21-05; GPA21-07

NEIGHBORHOOD MEETING MINUTES

March 29, 2022

MEETING SUMMARY

The second neighborhood meeting was held on Tuesday, March 29th, 2022 at the City of Maricopa Library, Pine Room. The purpose of the meeting was to discuss the proposed project, share more details of potential timing of the development process and give the attending neighbors the opportunity to ask questions, express concerns and seek further clarification of the proposal. Three (3) neighbors signed the attendance sheet (see attachments), one neighbor was a repeated visitor from the previous meeting. David Bohn and Garrett Seely presented with hard board displays as well as maps, details, etc. utilizing the library's presentation tools.

PRIMARY QUESTIONS AND CONCERNS RAISED:

Q: When should is the projected completion date – how long will construction be?

A: It is anticipated that the developer will receive final approvals and permits for construction by the end of the year. It would be expected that construction could begin at the end of 2022, but may end up in 2023. The expected timeline for completion is approximately 24 months from start to buildout.

Although there was a brief presentation, hard boards, and exhibits/details were shared, the meeting was held similar to a round table forum to allow open discussion. The two new attendees wanted to understand what was being proposed and how long it would take for completion. The third attendee, who also attended the previous meeting, wanted to discuss the greenspace corridor again. The developer and attendee reviewed the same concerns and solutions from before, which it appeared the neighbor was satisfied.

Overall the meeting concluded that the neighbors viewed the product to be much more favorable when they compared to apartments. The developer did not receive any vocal opposition to the proposed development, and in general, the neighbors seemed supportive.
