Municipality Information	
1. Date of Application: 3/15/2025	
2. Name of City, Town or County: City of Maricopa	
3. Mayor (City or Town) or Board of Supervisor's Chairman (County): Nancy Smith, Mayor	
4. Mailing Address: 39700 W Civic Center Plaza	
5. City: Maricopa	State: Arizona
Zip Code: 85138	
6. Acknowledgement of Submission by Authorized Municipality Representative:	
Typed Name/Title: Mark Goodman/Chief of Police	
Email Address: mark.goodman@maricopa-az.gov	Signature:
Applicant Information	
7. Department/Organization Name: Maricopa Police Department	
8. Select Organization Type: Municipality	☐ If Non-profit please attach IRS Determination Letter
9. Application Contact Person: Sean Marchese Title: Police Lieutenant	
10. Phone Number: 520-316-6964	
11. Mailing Address: 18135 N Park Plaza	
12. City: Maricopa	State: Arizona
Zip Code: 85138	
13. Email Address: sean.marchese@maricopa-az.gov Website Address: www.maricopa-az.gov	
Project Information	
14. Project Title: Police Department Capital Improvement Plan	
15. Purpose of Grant: To fund proposed items for purchase to enhance public safety.	
16. Priority Funding Area	Public Safety
17. Annual amount requested	\$139,201.97
18. Number of years that funding is requested	1
19. Total amount requested (annual amount x number of years)	\$139,201.97
20. Has your organization received past funding from GRIC? If yes, list each year and amount	Yes, year and amounts are as follows: 2014 - \$250,000 2015 - \$250,000 2020 - \$37,881
21. Geographic area served	City of Maricopa

☐ Approval – Amount/Term		☐ Denial

Gila River Indian Community Grant Application Grant Cycle 2025

Narrative

Please structure your proposal to provide the following information in the order indicated. Provide the narrative in paragraph form in the text field provided. Please be thorough but strive for brevity.

1. Briefly describe your organization's history, mission and goals.

Founded in the heart of Arizona, Maricopa is a community rich in history and deeply rooted in the Sonoran Desert. Initially located at Maricopa Wells on the southern banks of the Gila River, the town served as a crucial oasis for 1800s immigrants journeying to California's gold fields. As a major stagecoach relay station, it played an essential role in the development of the Southwest, providing vital resources for travelers. By the late 19th century, Maricopa adapted to the changing times by moving locations to align with the burgeoning railroad industry, becoming a key junction for the Southern Pacific and Maricopa and Phoenix Railroads. This shift spurred economic growth and transformed local agriculture, with Maricopa eventually cultivating a diverse range of crops and supporting a robust cattle industry. Incorporated in 2003, Maricopa witnessed explosive population growth, reflecting its adaptability and appeal. Now bordering two Native American communities, the city honors this cultural heritage while continuing to embrace the pioneering spirit that has characterized its development. Today, Maricopa remains a testament to American ingenuity, offering a blend of historical richness and modern prosperity, making it an ideal place for both residents and businesses.

Mission Statement: Unlock the full potential of the City of Maricopa to create a thriving and durable community.

Objectives:

- Maintain and Enhance Maricopa's Physical Environment
- Ensure a Safe and Secure Community
- Promote Economic Vitality and a Sustainable Community
- Be a Premier City

2. To determine eligibility for this grant please select one item in the drop-down below.

Municipality

If Municipal, please go to number 3 below.

Gila River Indian Community Grant Application Grant Cycle 2025

If Non-Municipal or Non-profit, please describe how the services provided by your organization align with a government service of the supporting municipality. Explain how this project will support that service and describe the municipality's role in the project if applicable (beyond serving as a pass-through).

[Click here to enter text.](#)

3. Describe the proposed project, objectives, and your plan to implement.

The Maricopa Police Department (MPD) is requesting funding for critical capital improvements to enhance public safety within the City of Maricopa. The project aims to procure two Polaris Side by Side off-road vehicles, two M30T drones, and a traffic enforcement motorcycle. These assets will improve MPD's operational capabilities, particularly in responding to emergencies in remote areas, enhancing traffic enforcement, and providing aerial surveillance for crime prevention and search-and-rescue operations.

Objectives:

1. Improve emergency response efficiency in off-road and hard-to-reach locations.
2. Enhance traffic enforcement to reduce roadway incidents and increase safety.
3. Strengthen MPD's aerial surveillance and monitoring capabilities for public events, crime prevention, and search-and-rescue missions.

Implementation Plan:

- **Phase 1 (Q2 2025):** Procurement of all requested equipment through vetted suppliers.
- **Phase 2 (Q3 2025):** Officer training on the operation of Polaris vehicles, M30T drones, and the motorcycle.
- **Phase 3 (Q4 2025 - Ongoing):** Deployment and integration into MPD's daily operations, with performance evaluation and periodic reviews.

4. Describe how the proposed project satisfies one or more of the priority funding areas identified by the Gila River Indian Community.

This project aligns with the **Public Safety** funding priority by equipping MPD with advanced tools to improve emergency response, traffic safety, and surveillance capabilities. The City of Maricopa, which borders the Gila River Indian Community, shares a commitment to protecting all residents, including those from tribal lands who may require law

Gila River Indian Community Grant Application Grant Cycle 2025

enforcement assistance while traveling through or visiting the city. Enhanced public safety measures also contribute to crime deterrence, benefitting both Maricopa and neighboring communities.

5. Identify the needs/problems to be addressed, the target population and number of people to be served by the project.

The City of Maricopa has experienced significant growth in recent years, increasing the demand for law enforcement services. The city's expansion into rural areas has made emergency response more challenging due to difficult terrain and limited accessibility. Additionally, the increasing volume of traffic on major roadways requires enhanced enforcement measures to prevent accidents and reckless driving.

Target Population:

- 70,000+ Maricopa residents
- Visitors and commuters, including members of the Gila River Indian Community
- Local businesses and community stakeholders

Projected Impact:

- Improved law enforcement accessibility in remote locations
- Enhanced safety on city roadways
- Strengthened surveillance and emergency response for public events and crisis situations

6. Define the project as a new or continuing program. Has GRIC previously funded this project?

This is a **new project** for the Maricopa Police Department. While GRIC has previously funded public safety initiatives in Maricopa, the specific capital improvements requested in this grant application have not been previously funded.

7. Provide a brief timeline including start and finish dates. Indicate if the timeline is flexible.

- **Oct 2025 - Dec 2025:** Procurement of all requested equipment
- **Jan 2026 - Feb 2026:** Officer training and certification for the new vehicles and drones
- **March 2026:** Official deployment of equipment for field operations
- **April 2026 - Ongoing:** Evaluation and reporting on program effectiveness

The timeline is **flexible**, allowing adjustments based on procurement and training needs.

Gila River Indian Community Grant Application Grant Cycle 2025

8. Identify other organizations, partners or funders participating in the project and their roles.

- **City of Maricopa** – Providing administrative support and oversight
- **Arizona Department of Public Safety** – Collaboration on traffic enforcement initiatives
- **Local First Responders** – Utilizing drones and off-road vehicles for joint emergency response operations

At this time, no other external funding sources have been secured.

9. Would you be able to implement the proposed plan if your organization received partial funding for this project?

Yes, the Maricopa Police Department would prioritize critical equipment based on available funding. If partial funding is received, priority would be given to:

1. One Polaris Side by Side (\$40,489.61)
2. One M30T Drone (\$12,091.30)
3. One Traffic Motorcycle (\$34,040.15)

Partial funding would still significantly enhance MPD's ability to improve public safety.

10. Describe your plan for project financial sustainability beyond the grant period. If this is a program/project previously funded by the Gila River Indian Community, describe efforts made towards the previously described sustainability plan.

MPD has an established budget for maintenance and operational costs associated with vehicles and equipment.

Following the grant period, the department will ensure the continued use and upkeep of the requested assets through:

- **Annual city budget allocations for maintenance and fuel**
- **Federal and state grant applications for additional enhancements**
- **Private-public partnerships for equipment upgrades and technology support**

11. Describe your plan to document progress and results.

The effectiveness of this project will be measured through:

Gila River Indian Community Grant Application Grant Cycle 2025

- **Quarterly reports on vehicle and drone usage**
- **Traffic enforcement statistics pre- and post-implementation**
- **Response time analysis for emergencies in remote areas**
- **Community feedback and public safety survey results**

All data will be compiled and shared with city officials and grant stakeholders.

12. Indicate any application to and/or awards made by a tribe other than the Gila River Indian Community for state shared revenues for this and any other project for the past five (5) years.

No applications have been submitted to other tribes for state-shared revenue funding for this project in the past five years.

Gila River Indian Community Grant Application Grant Cycle 2025

Project Budget

Budget Period: FY26 (July 1st 2025 – June 30th 2026)

For each budget item listed, please provide a narrative description on the following Project Budget Detail page.

Column 1	Column 2	Column 3	Column 4	Column 5
Proposed Budget Expense (list each budget item)	Amount requested from GRIC	Amount requested or secured from other sources	In Kind or matching contributions	Total Budget

Project Budget Detail

Please provide a narrative description for each of the project budget items listed on the previous page. Include the dollar figure and how it was attained.

1. **Polaris Side by Side Off-Road Vehicles (2) – \$40,489.61 each based on quote from Polaris Sales Inc.** These all-terrain vehicles will allow officers to access areas that standard patrol cars cannot reach. They are essential for search-and-rescue operations, patrolling unpaved areas, and responding to emergencies in off-road environments.
2. **M30T Drones (2) – \$12,091.30 each based on quote from GRESO UAS Sales** The M30T drone provides aerial surveillance capabilities, enhancing MPD's ability to monitor large events, track suspects, and conduct search-and-rescue missions. Each drone includes a high-resolution camera and thermal imaging. The cost was
3. **Traffic Enforcement Motorcycle (1) – \$34,040.15 based on quote from LZ Delta, LLC DBA: GO AZ Motorcycles** A dedicated police motorcycle will allow traffic officers to navigate congested areas more efficiently, improving response time to traffic accidents and increasing enforcement presence to deter reckless driving.
