

Maricopa Towne Center

Planned Area Development Rezoning & Minor General Plan Amendment

Citizen Participation Final Report

City of Maricopa

April 24, 2025

Introduction

Vestar Development (“Vestar” or “Owner”) is a nationally recognized leader in the acquisition, development, and management of mixed-use retail and entertainment destinations in the western United States. Through its innovative development practices, Vestar has been creating unique destinations that exhibit a unique sense of place since 1989. The Maricopa Towne Center PAD and minor General Plan amendment proposes a thoughtfully integrated community district that allows for a variety of land uses. The PAD features common unifying elements through architecture, landscaping, pedestrian systems, and streetscape themes which will result in the development of complementary uses based on the needs of the community for the City of Maricopa (the “City”).

Vestar is excited to propose Maricopa Towne Center, an iconic, vibrant, master planned community that will enhance the City with new amenities and residential opportunities that include a mixed-use variety of land uses that include: office, commercial, retail, entertainment, hospitality, multi-family, single family residential, and other complementary land uses creating an inviting live, work, shop, and play environment (the “Project”).

In the City, Vestar is planning to develop on the 184 acres of two contiguous parcels located in the southeast corner of North John Wayne Parkway and West Farrell Road, identified as APNs: 510-73-001K & 510-73-001L (the “Property”). In order to allow the Project, Vestar is requesting to rezone the Property from Avalea PAD (CB-1, CB-2, Transitional) to Maricopa Towne Center PAD (MU-G), and amend the General Plan designation from Commercial, Master Planned Community, and Medium Density Residential to Mixed Use.

This report outlines the details of the process used by the applicant to involve the public pursuant to City of Maricopa’s citizen participation requirements described in the Zoning Code and Citizen Participation Plan Guide.

Dear Property Owner or Neighborhood Association Representative,

The purpose of this letter is to inform you that our firm, on behalf of Vestar (the “Owner”), has recently filed an application (PAD23-04 and GPA23-05) to redevelop the site located at the southeast corner of N. John Wayne Pkwy and W. Farrell Rd. The request will change the zoning on approximately 184 acres of land from Aalea PAD (CB-1, CB-2, Transitional) to Maricopa Towne Center PAD (MU-G), and amend the General Plan designation from Commercial, Master Planned Community, and Medium Density Residential to Mixed Use.

This proposal will allow the development of Maricopa Towne Center – a community district with a variety of land uses including office, commercial, retail, entertainment, hospitality, multi-family, residential, and other complimentary land uses creating an inviting live, work, shop and play environment.

The Applicant team is hosting an Open House Meeting for the public. Please stop by anytime between 5:30 PM – 6:30 PM to learn more about the project.

4/10/2025 Open House Meeting Summary

Maricopa Towne Center
PAD Rezoning with Minor General Plan Amendment
Open House Meeting Summary

Cases #PAD23-04 and GPA-23-05

Date:	April 10, 2025
Time:	5:30PM-6:30PM
Location:	Copper Sky Multi-generational Facility 44345 W Martin Luther King Jr. Blvd. Maricopa, AZ

Applicant Team:

Ryan Ash, Vestar Development
Jon Gillespie, Zoning Attorney Rose Law Group
Jennifer Hall, Sr. PM Rose Law Group
Lily Drosos, PM Rose Law Group
Kayla Amado, Rose Law Group
Alex Fish, ABLA (Land Plan Designer)
Sarah Simpson, United Civil Group (Traffic Engineer)

The Applicant Team arrived at the meeting site at 5:00PM to set up the meeting room with exhibit boards on easels. Neighbors began arriving at 5:15PM and were asked to sign into the meeting. A total of 34 neighbors signed into the meeting and included the following elected officials and Derek Scheerer, Senior Planner and Rick Williams, Planning Director from the city:

- Pinal County Supervisor Rich Vitiello, District 1
- Maricopa City Councilman Vincent Manfredi
- Maricopa Planning Commissioner Bill Robertson

Attendees were greeted by a member of the Applicant team and walked through a series of project exhibit boards. The proposed project and zoning request were explained and questions were answered.

The Applicant team introduced the project site using a Vicinity map to show the location directly across from the Ak-Chin casino on the east side of Hwy 347. It was explained that this project site is being purchased by Vestar Development, local renowned developer who is known for high quality mixed use projects all over the state including projects like Tempe Marketplace and Desert Ridge. Vestar wants to bring another exciting new mixed use project to Maricopa and has identified this site as the most ideal location. Most of the neighbors are familiar with Vestar and were very interested in knowing if there were any committed restaurants or retail establishments already on board.

The background and historical zoning of the property by Pinal County in 2006 as “Avalea PAD – 2170 acre Master Planned Community” was discussed in detail with close attention to the commercial and transitional zoning and the permitted uses already allowed on the project site. Most of the neighbors were not aware of the previously approved zoning on the property and just thought the land was farmland zoned for agricultural purposes. Moving through the thoughtfully displayed exhibits the team showed side by side comparisons identifying the existing and proposed General Plan land use designations as well as the existing and proposed zoning districts. It was clear that the existing and proposed zoning districts are similar and that this is a simple update to change the zoning from Pinal County zoning to City of Maricopa zoning. If City Council approves this request then Vestar will move to the next step which is detailed site planning. Neighbors asked when Vestar is planning on moving dirt and it was estimated that could be in the next year or two.

The conceptual bubble plan showing potential uses on the 184 acre site was presented and it was explained that the requested PAD allows for flexibility with the permitted uses (retail, commercial, offices, restaurants, single and multifamily residential) to encourage a truly cohesive development project. It was clarified that this is a conceptual plan and the detailed site plan will be developed after the zoning is approved during the site planning process.

Finally, there were several character boards showing photos of single family, townhome/condo, commercial and retail designs to give the neighbors an idea of what the buildings could look like.

Questions and Concerns expressed during the meeting were as follows:

- Multi-family along Sonoran Desert could be supportable but do not want it along Farrell Road
- There is 30% vacancy on apartments in Maricopa right now so why do we need more?
- Want nicer sit-down restaurants (Eggstasy, Longhorns, etc.)
- Didn't realize there was already commercial and residential zoning for this parcel
- Would like to see ALL commercial
- No commercial; keep it single family residential
- I want restaurants and shopping!
- Whole Foods would be nice anchor
- Do you have any signed tenants
- When will construction start?
- NO apartments!! Decreased property values and crime
- Maricopa needs to stop growing
- Existing infrastructure not good
- Farrell Road needs to go through
- Keep additional traffic off of Farrell Rd

The Applicant Team listened and took notes on the comments expressed during the meeting. They answered questions and addressed concerns to the best of their ability. Throughout the meeting it was emphasized that even though the site plan and tenants have not been determined the community should take comfort in the fact that Vestar is going to be planning, developing, and owning this exciting mixed use project. Many neighbors were encouraged to go to Vestar's website to see the high quality projects around the state! Vestar is local developer who knows this market better than anyone and they care about the communities that they partner with!

**We had one hearing impaired couple attend the meeting and we planned ahead to bring an extra team member to communicate directly with this couple. Fortunately, the couple brought their teenage daughter who used sign language to act as a translator so we could communicate with her parents and answer their questions.

Comment Cards:

Our team received 4 comment cards during the meeting which are attached with this summary. As you will see from the comments that the neighbors are opposed to apartments but are welcoming of the other mixed uses (commercial, office space, shopping, townhomes and single family homes).

The meeting adjourned at 6:50PM and the Applicant team cleaned up and exited the facility at 7:00PM.

After the meeting, the Applicant Team emailed all attendees thanking them for their time and opening the line of communication for continued discussion about the project.
