Facility Rentals Policy Revisions

ix) The highest priority of the City is to provide space for local residents, however, the City recognizes the positive economic impact of large tournaments and other large events. Thus, tournaments or other bookings of a certain significant size (determined in the allocation guide), may qualify for the base rate. Tournaments and other events will be evaluated on a case-by-case basis with a goal to balance local play with attracting out-of-town visitors and revenue.

- Purpose
 - The Field House offers greater opportunity for events besides tournaments
 - Non-Resident Rate is extremely high and would be a barrier to organizations who would otherwise come to Maricopa
 - Economic Impact, Sports and Events tourism, Marketing

Facility Rentals Policy Revisions

- New Additions

iv) Resident rate Renters may use the discounted rate at one event per fiscal year (July 1-June 30) while charging or requiring donations for entry. Any subsequent events within the same fiscal year hosted by the same renter may only use the discounted rate if the event is open to the general public and does not require any purchase, fee payment, or donation to gain admission. This section does not apply to non-profit organizations.

- Purpose

- Clarification of intent
- Clarification for staff

Conclusion

- Copper Sky Additions
- Field House Additions
- Membership Additions
- Mike Ingram Heritage Park Additions
- Minor Policy Adjustments
