## **PROJECT DESCRIPTION**

A Minor General Plan Amendment & Rezoning (Case #: GPA22-09 & PAD22-13) is currently being requested for the subject property located at the southeast corner of John Wayne Parkway and Maricopa-Casa Grande Highway (APN 510-25-009S) in the City of Maricopa, Arizona. The purpose of this Minor General Plan Amendment (GPA) is to modify the General Plan Land Use Designation for the subject property from its current Employment (E) designation to High Density Residential (HDR). The development team is also requesting a rezoning to change the existing zoning of the subject property from Light Industry & Warehouse (CI-1) to Planned Area Development (PAD). Approval of these requests would facilitate the development of the subject property as a high density residential use with three types of multi-family products that include Family Workforce Housing, Senior Housing and Market Rate Housing.

## **CITIZEN PARTICIPATION PLAN IMPLEMENTATION**

### **Timeline of Notification**

The timeline of notification and outreach efforts is as follows:

- 1<sup>st</sup> Letter (informal) mailed: May 23<sup>rd</sup>, 2022
- Informal Neighborhood meeting held: June 8<sup>th</sup>, 2022, at 6:00 PM
- 2<sup>nd</sup> Letter (formal) mailed: September 16<sup>th</sup>, 2022
- Site Sign posted: September 8<sup>th</sup>, 2022
- Newspaper Publication: September 15<sup>th</sup> & 16<sup>th</sup>, 2022
- Site Sign updated: November 17<sup>th</sup>, 2022
- 3<sup>rd</sup> Letter (public hearing) mailed: November 18<sup>th</sup>, 2022

### **Notification Documents**

#### **First Notification – Informal Neighborhood Meeting**

- Final notification letter sent to adjacent property owners (approved by staff)
- Final notification attachments sent to adjacent property owners (approved by staff)
- 600-foot radius map of properties contacted
- List of property owners contacted, including parcel numbers, owner names, and tax billing addresses

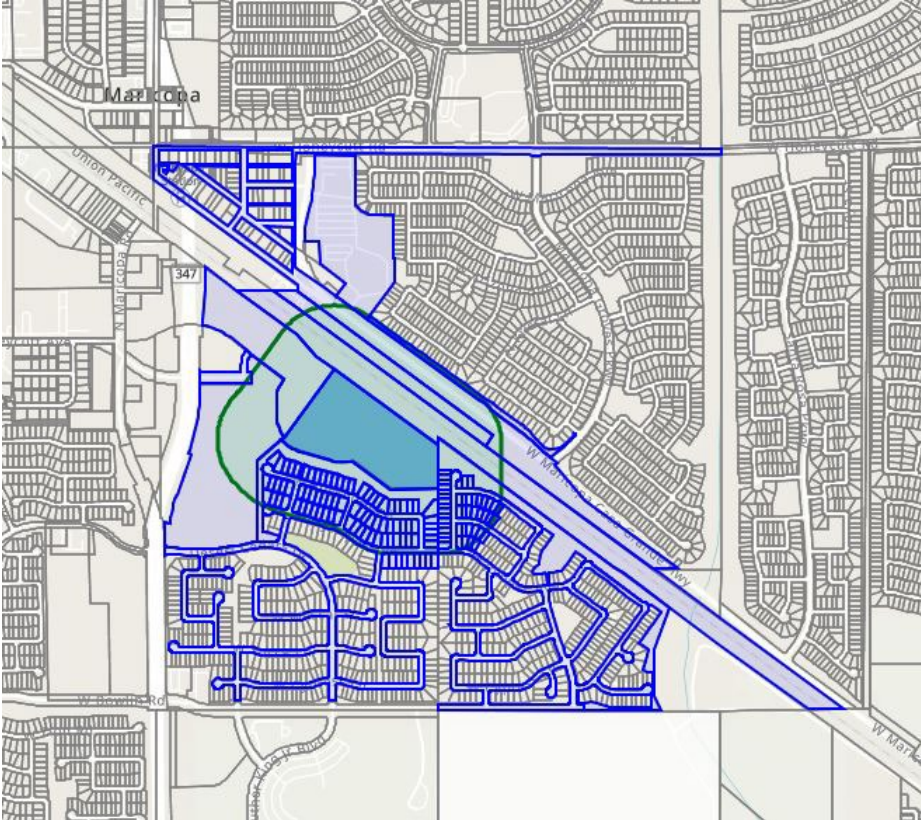

#### **Second Notification – Formal Neighborhood Meeting**

- Final notification letter sent to adjacent property owners (approved by staff)
- Final notification attachments sent to adjacent property owners (approved by staff)
- 600-foot radius map of properties contacted
- List of property owners contacted, including parcel numbers, owner names, and tax billing addresses
- Newspaper Publication and affidavit (approved by staff)
- Sign Posting and affidavit (approved by staff)

#### **Third Notification – Public Hearings**

- Final notification letter sent to adjacent property owners (approved by staff)
- Final notification attachments sent to adjacent property owners (approved by staff)
- 600-foot radius map of properties contacted
- List of property owners contacted, including parcel numbers, owner names, and tax billing addresses
- Newspaper Publication and affidavit (approved by staff)
- Sign Posting and affidavit (approved by staff)

Notification Area Map – 600' Buffer

## **INFORMAL NEIGHBORHOOD MEETING**

Draft neighborhood notice materials were prepared by the development team pursuant to the requirements outlined in the GPA & PAD process guides. The development team provided draft copies of all notification documents and attachments to the assigned project planner for approval. Norris Design coordinated with Derek Scheerer from City of Maricopa Development Services ahead of the sendoff of any notification material. The initial neighborhood notification served as an informal, proactive meeting due to the meeting being held prior to any official submittal of the applications to the City of Maricopa. Following the approval of the draft mailing notifications, the implementation of the proactive plan commenced.

The first step that the development team took was to hold an informal neighborhood meeting prior to the first submittal of the PAD and GPA applications. At the developer's request, this meeting was held with the intention of proactively informing and receiving feedback from neighbors so that any comments could be incorporated into the first submittal of the PAD & GPA. The development team understood that this meeting would not count as the mandatory neighborhood meeting required under the official PAD & GPA process within the City of Maricopa; however, the development team felt like it was the right step in being a good neighbor to the existing surrounding ownership. A separate official neighborhood meeting was held following the second submittal of the PAD & GPA applications. The details of this meeting are described in more detail below. Notification of the informal neighborhood meeting followed the mailing notification requirements as outlined by the City of Maricopa Planning & Development Department; however a sign posting and newspaper publication was not provided due to the meetings informal nature. Notice of the informal neighborhood meeting was provided 15 days prior to the neighborhood meeting with notification being provided in the following manner:

- Mailed notice letter to all property owners within a 600-foot radius of the project site
- Mailed notice included a Project Narrative, Pre-Application Site Plan & 600-foot Notification Map

The informal neighborhood meeting was held virtually via Zoom. The development team prepared a presentation to review the proposal of the rezoning request and the GPA request. A conceptual site plan, prepared for the Pre-Application submittal, was presented to stimulate conversation with the meeting attendees to receive feedback or answer any questions. During the meeting, each development team member was introduced and available for any questions directed at any specific specialty. Conceptual architectural elevations were also presented to provide a visual exhibit of what the development may look like once constructed. Meeting attendees were encouraged to use the virtual chat at any point during the presentation. Questions raised by neighborhood meeting attendees were responded to by the development team at the end of the presentation.

In the mailed notice and at the neighborhood meeting, recipients were encouraged to contact Norris Design (Applicant) via phone (602-254-9600) or email ([abeaudoin@norris-design.com](mailto:abeaudoin@norris-design.com)) to continue to discuss concerns or questions regarding the proposal during the application process. Norris Design encouraged neighborhood meeting attendees to share their contact information so that they may be notified of any substantial changes to the proposed project prior to the public hearing dates.

### **Formal Neighborhood Meeting**

A second neighborhood meeting was held following the second submittal of the PAD & GPA applications. Final copies of all required notification documents and postings were provided to the assigned project planner for approval prior to commencement of the form citizen participation plan.

The formal meeting was held a minimum of 15 days and no more than 90 days before the first scheduled public hearing on the applications and at a location near the project site. Notice of the neighborhood meeting was provided a minimum of 15 calendar days prior to the neighborhood meeting, with notification being provided in the following manner:

- Mailed notice to all property owners within a 600-foot radius of the project site
- Sign posting on project site
- Notice published in local newspaper

In the mailed notice and at the neighborhood meeting, recipients were encouraged to contact Norris Design (Applicant) via phone (602-254-9600) or email (abeaudoin@norris-design.com) to continue to discuss concerns or questions regarding the proposal during the application process. Norris Design also encouraged neighborhood meeting attendees (as well as those who expressed interest) to share their contact information so that they may be notified of any substantial changes to the proposed project prior to the public hearing dates.

This Citizen Participation Report is being submitted a minimum of 10 calendar days prior to the first public hearing on the application to the assigned project planner for review and inclusion in the public hearing report. The Citizen Participation Report is intended to document the results of the outreach efforts to date and include the following items:

- Neighborhood Meeting Information – date and location of meeting, date and contents of notification mailing, list of notified property owners, copy of the sign-in sheet, meeting notes, etc.
- Photograph of sign posting
- Newspaper clipping of the legal advertisement
- Summary of concerns, issues, and problems and how they were addressed by the applicant

## **NOTIFICATION & MEETING DOCUMENTS**

The following section and corresponding subsections detail all documentation pertaining to required legal notification and citizen outreach efforts.

### **Informal Neighborhood Meeting Notification Letter**

The following pages include all documents pertaining to the notification letter sent on May 23<sup>rd</sup>, 2022, including:

- Final notification letter sent to adjacent property owners (approved by staff)
- Final notification letter attachments sent to adjacent property owners (approved by staff)
- 600-foot radius map of properties contacted
- List of property owners contacted, including parcel numbers, owner names and tax billing addresses

Informal Neighborhood Meeting - Final Notification Letter

May 24<sup>th</sup>, 2022

RE: SEC John Wayne Boulevard & Maricopa (APN: 510-25-009S)

Dear Property Owner or Neighborhood Association President:

An application will soon be filed with the City of Maricopa for a proposed multi-family site at the Southeast corner of John Wayne Boulevard and Maricopa-Casa Grande Highway. The development team would like to invite you to a neighborhood meeting to discuss the proposed project. Currently, a pre-application is in review with the City of Maricopa with the intent to file a General Plan Land Use Amendment and Planned Area Development zoning application. The development team is holding a neighborhood meeting prior to the submittal of the formal application to proactively address any questions or concerns that the surrounding residents may have so that comments obtained can be taken into the consideration in the community design prior to a formal submittal. The meeting dates regarding this request are as follows:

**Neighborhood Meeting:**

Date: June 8<sup>th</sup>, 2022

Time: 6:00 pm

Meeting will be held virtually via Zoom.

<https://norris-design.zoom.us/j/91894718989?pwd=dEdrMEkvaWYvaGZxcckJWZXM4Yzhhdz09>

Meeting ID: 918 9471 8989

Passcode: 444764

Or Call in Option (Audio Only)

+1 646 876 9923

According to the Pinal County Assessors records, you are a property owner within 600 feet of the property under consideration. In order to better inform you of the meetings scheduled for this matter, this notice is being sent to you via mail.

If you wish to provide input on this matter, you may attend this meeting or submit written comment before or at the meeting. If you have any questions concerning this matter, please contact Derek Sheerer with the City of Maricopa Planning Department at 520-568-9098. You can also email him at [derek.sheerer@maricopa-az.gov](mailto:derek.sheerer@maricopa-az.gov) subject Case #PA2231 SEC John Wayne Boulevard & Maricopa (APN: 510-25-009S).

Please see additional pages for project narrative and other exhibits:

Please note that an additional notification will be sent, at a future date, once the hearing dates are scheduled. City Council holds a work session prior to the aforementioned Council meeting time. As the work session meeting time varies, please contact the City Clerk at 520-568-9098 or visit the City of Maricopa website at [www.maricopa-az.gov](http://www.maricopa-az.gov) for information on the specific time that the work session will be held. Kindly address additional questions or comments to the Planning Department at 520-568-9098.

Sincerely,

Alan Beaudoin

Attachments: Pre-Application Site Plan, Narrative & Notification Area Map

**Pre-Application Narrative**  
**SEC John Wayne Blvd. & Maricopa - (APN: 510-25-009S)**  
May 5, 2022

This narrative is intended to support the Pre-Application Site Plan submittal for the proposed multi-family site at the Southeast corner of John Wayne Boulevard and Maricopa-Case Grande Highway.

The City of Maricopa has seen rapid growth and development over the past years. Just in the past five years the city's population has grown by over 24%. Now with the recent completion of John Wayne Boulevard, the subject site at the Southeast corner of John Wayne Boulevard & Maricopa-Casa Grande Highway the property is primed for development that meets residential market demand and affordably houses for the local workforce. The subject property (APN: 510-25-009S) is optimally located adjacent to the Maricopa-Casa Grande Highway and Amtrak's Maricopa Station. The project site is +/- 20.17 acres and has a current zoning designation of CI-1 and a land use designation of Employment under the City of Maricopa General Plan.

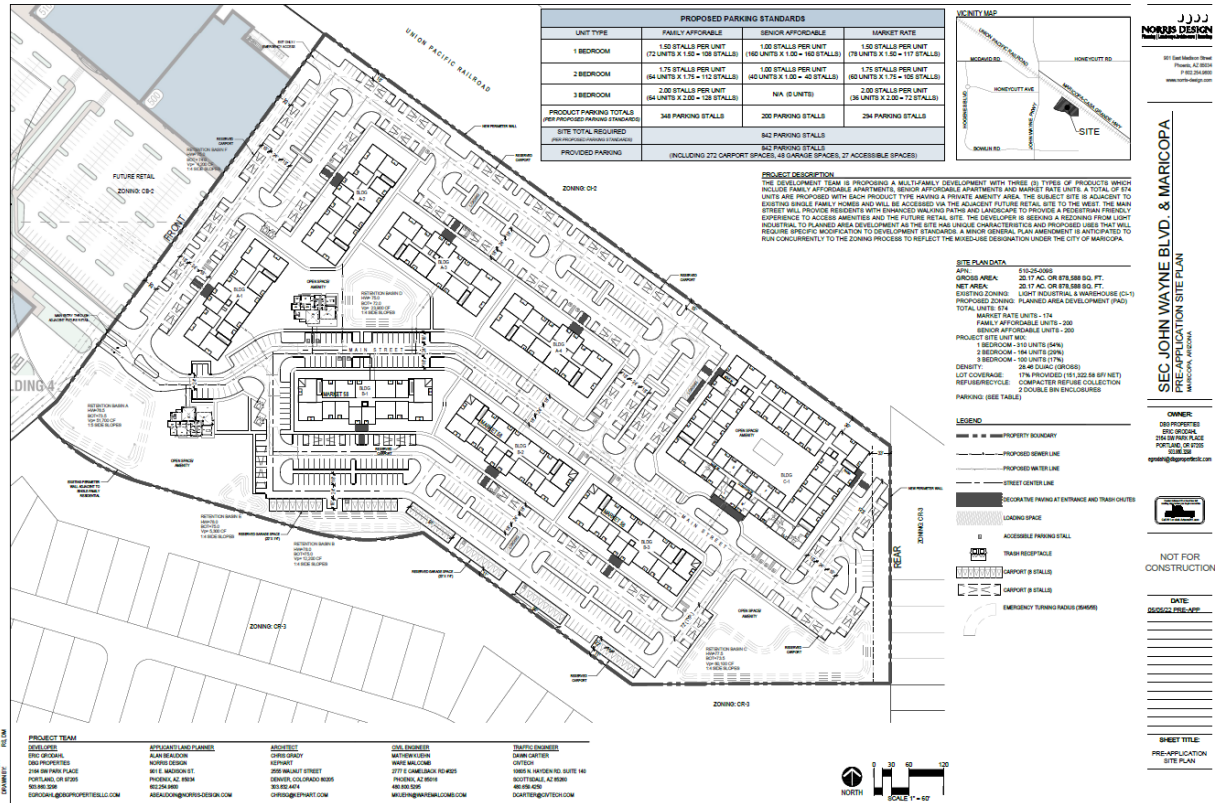

Directly to the west of the site is a proposed commercial and hospitality lifestyle center, while land to the north is mostly dedicated to the Union Pacific Railroad, Maricopa-Casa Grande Highway, and subsequent non-operative easements. South of the subject site is an existing single-family residential community, known as Desert Cedar, consisting of one- and two-story homes. An existing 100ft wide landscaped tract and perimeter wall is in place to serve the existing single-family community and provide a buffered screening area from the future development. Southeast of the site are 4 single family homes and additional tract space for the Santa Rosa Crossing subdivision which is currently being developed.

The applicant is seeking to rezone the property from CI-1 (Light Industry & Warehouse) to PAD in tandem with a request for a Minor General Plan Amendment to change the land use designation from Employment (E) to Mixed Use (MU). The intent for the site is to provide diverse residential housing options accommodating both age and affordability. The development consists of 200 family affordable units, 200 senior affordable units, and 174 market rate units providing a density of 28.46 dwelling units per acre. The senior affordable housing units is designed to create an accessible interior circulation for residents, a central amenity area and a pickup/ drop off drive at the main entrance for residents who no longer drive themselves. The single wrap structure contains 160 one-bedroom and 40 two-bedroom units. Each of the four family affordable buildings will be comprised 50 units, which include 18 one-bedroom, 16 two-bedroom, and 16 three-bedroom units. Lastly, the three market rate buildings will include 26 one-bedroom, 20 two-bedroom, and 12 three-bedroom units each.

With the rapid increase of telecommuting post pandemic, immediate proximity to future dining and retail nodes, and lower vehicular ownership rates of senior and affordable housing residents, the applicant is proposing to unique development standards as a part of the PAD re-zoning request. Each product type has a proposed reduction in parking standards that differ from the City of Maricopa parking requirements. In total, the developer intends to provide a minimum of 842 parking spaces, which is a 5.87% reduction in required parking from current parking standards. Parking options will include a combination of covered and uncovered stalls as well as detached garages along the southern property line that act as a buffer from adjacent single-family homes. Access to the site will be provided via public-access promenade beginning at John Wayne Boulevard and continuing east through the future commercial development to the non-gated entrance. From the primary entrance at the western property line, the main interior circulation street is intended to provide a welcoming pedestrian experience with well-design connection pathways, tree lined streets and thoughtful hardscape materials to encourage walkability within the community and to the adjacent uses. A secondary exit and fire access road is provided at the northwest corner of the subject site. Each product type will have their own private clubhouse and amenities along with the open space areas that are accessible to all residents. Additionally, with continued communication between the development team and the City of Maricopa, DBG Properties has been made aware that the City of Maricopa intends on financing and constructing the required utility lines between John Wayne Parkway and the proposed multi-family site in order to serve future development.

## INFORMAL NEIGHBORHOOD MEETING SUMMARY

Date: June 8<sup>th</sup>, 2022

Time: 6:00 p.m.

Format: Virtual Meeting

---

### Meeting Location

Virtual Attendance Option  
via  
Zoom Meeting

### Meeting Attendance

The applicants were represented by the following individuals with Norris Design: Alan Beaudoin and Rachael Smith. Additionally, developer and applicant, Eric Grodahl and Wahid Enayat from DBG Properties were present. Kephart Architecture was represented by Chris Grady. Matt Kuehn from the development team was also in attendance representing Ware Malcomb. In summary, there were a total of six development team representatives present for the first neighborhood meeting.

Of the notified community members, seven interested persons attended the meeting. Overall, a total of 13 participants, including the development team members, were present for the virtual neighborhood meeting on June 8<sup>th</sup>. Please see below for a full list of participants present at the neighborhood meeting:

ATTENDEES	RELATION TO SITE
Alan Beaudoin	Norris Design – Development Team
Rachael Smith	Norris Design – Development Team
Eric Grodahl	DBG Properties – Development Team
Wahid Enayat	DBG Properties – Development Team
Chris Grady	Kephart Architecture – Development Team
Matt Kuehn	Ware Malcomb – Development Team
Bill Hackett	44182 W. Juniper Avenue (Desert Cedars Community)
Gale Hackett	44182 W. Juniper Avenue (Desert Cedars Community)
Brian Wissinger	43929 W. Juniper Avenue (Desert Cedars Community)
Lisa Wissinger	43929 W. Juniper Avenue (Desert Cedars Community)
Earnest Peters	Owner of Multiple Parcels Near the Site
Ray Koczor	44401 W. Buckhorn Trail (Desert Cedars Community)
Joan Koc	44401 W. Buckhorn Trail (Desert Cedars Community)

### Meeting Summary

At the beginning of the neighborhood meeting, the development team requested that the neighborhood meeting attendees provide a short introduction, including their names and location in relation to the subject site, in order to better address their concerns during the formal presentation. Following the attendee introductions, the development team also provided brief introductions.

The development team provided a formal presentation, which included an overview of DBG Properties and its previous development experience, as well as a description of the future PAD & GPA requests. During the presentation, the development team also provided background information on the surrounding development context, including the future retail development to the west. The development team also shared a copy the initial conceptual site plan and building elevations for the proposed development to describe the considerations that were made when designing the project. Once the development team concluded its presentation, comments and questions from neighborhood meeting attendees were fielded. Please see summary of meeting comments and responses below. To conclude the

neighborhood meeting, the development team provided an overview of next steps regarding the PAD & GPA applications, including future opportunities to participate in the rezoning and GPA processes.

#### **Meeting Comments & Responses:**

- Will the Market Rate Apartments be apartments or condominiums?
  - Alan explained that the Market Rate Apartments will be for-rent.
- Concerns regarding the future retail development to the west.
  - Alan clarified that the future retail development is not included in the scope of the proposed PAD & GPA applications. Alan also provided a brief description of the future retail development based on a preliminary understanding of the third party's development plans.
- Concerns regarding resale value of property as a result of the development of the proposed project, impacts on view shed, noise associated with the proposed residential use, and perceived increase in crime and traffic.
- These colors were chosen based on an analysis of desert living. Have you ever lived in the desert?
  - Chris explained that Kephart Architecture has other projects that are located in the desert environment. The colors that were selected were based on an initial analysis and there will be more input on how the design team develops the colors and patterns for the proposed development.
- Why isn't any industrial or retail being considered for this property?
  - Alan explained that City staff is wanting to see retail develop as benefit to the larger community; however, other properties in the City may be more appropriate for such uses.
- What historically happens to the development after DBG Properties sells the property? Expressed concerns regarding Section 8 housing.
  - Eric discussed the quality of development, management, and maintenance intended for the future development. It is the intention of DBG Properties to own and manage the proposed development well into the future.

#### **Issue Resolution**

Questions and concerns raised by neighborhood meeting attendees were recorded by representatives of the development team. The questions or concerns raised during the neighborhood meeting were then considered during the final development of the conceptual site plan and building elevations for the formal PAD & GPA application submittals. A second (formal) neighborhood meeting was also held to provide additional information about the project to interested stakeholders and to solicit continual input during the citizen review process.

## **FORMAL NEIGHBORHOOD MEETING**

The following pages include all documents pertaining to the notification letter sent on September 16<sup>th</sup>, 2022, including:

- Final notification letter sent to adjacent property owners (approved by staff)
- Final notification letter attachments sent to adjacent property owners (approved by staff)
- 600-foot radius map of properties contacted
- List of property owners contacted, including parcel numbers, owner names and tax billing addresses

Formal Neighborhood Meeting - Final Notification Letter

September 16<sup>th</sup>, 2022

RE: CASE # GPA22-09 & PAD22-13 – APARTMENTS AT HONEYCUTT.

This site is generally located at the southeast corner of John Wayne Parkway and Maricopa Casa-Grande Highway within the City of Maricopa incorporated limits.

Dear Neighbor:

An application has been filed with the City of Maricopa by Norris Design, on behalf of DGB Properties, LLC, for a Planned Area Development (PAD) and General Plan Amendment (GPA) to allow for the development of a multi-family residential community, known as the Apartments at Honeycutt, at the above-mentioned property. The neighborhood meeting date in regard to this request is as follows:

NEIGHBORHOOD MEETING:	
Date: Thursday, October 6 <sup>th</sup> , 2022 @ 6:00 p.m.	
<b>Virtual Zoom Meeting:</b> 1. Go to: <a href="http://www.zoom.us">www.zoom.us</a> 2. Click on "Join a Meeting" 3. Follow on-screen instructions. <b>Meeting ID: 985 5189 0300</b> Audio-Only Option: (669) 900-6833 Passcode: 862559	<b>In Person Meeting Location:</b> Maricopa Library and Cultural Center Maple Room 18160 North Maya Angelou Drive Maricopa, AZ 85138
OR	

PUBLIC HEARING PROCESS	
<b>Planning &amp; Zoning Commission:</b> TBD	<b>City Council:</b> TBD

According to the Pinal County Assessors records, you are a property owner within 600 feet of the property under consideration. In order to better inform you of the public meeting scheduled for this matter, this notice is being sent to you via first class mail.

If you wish to provide input on this matter, you may attend this meeting or submit written comment before or at the meeting. If you have any questions concerning this matter, please contact Derek Sheerer with the City of Maricopa Planning Department at 520-568-9098. You can also email him at [derek.scheerer@maricopa-az.gov](mailto:derek.scheerer@maricopa-az.gov) subject Case# GPA22-09 & PAD22-13 also known as the Apartments at Honeycutt. Additionally, you are welcomed to contact the applicant at 602-254-9600 or by e-mail to [abeaudoin@norris-design.com](mailto:abeaudoin@norris-design.com).

Please note, this PAD and GPA request will be heard at a future Planning & Zoning Commission meeting and City Council Hearing, in which another notification will be provided to you once the dates have been scheduled.

Please see additional pages for project narrative and other exhibits.

Sincerely,

Alan Beaudoin  
Principal

**Narrative - Planned Area Development & General Plan Amendment**  
**SEC John Wayne Blvd. & Maricopa - (APN: 510-25-009S)**  
September 16<sup>th</sup>, 2022

The City of Maricopa has seen rapid growth and development over the past years. Just in the past five years the city's population has grown by over 24%. Now with the recent completion of John Wayne Boulevard, the subject site at the southeast corner of John Wayne Boulevard and Maricopa-Casa Grande Highway is primed for development that meets residential market demand and affordable houses the local workforce. The subject property (APN: 510-25-009S) is optimally located adjacent to the Maricopa-Casa Grande Highway and Amtrak's Maricopa Station. The project site is +/-20.17 acres and has a current zoning designation of CI-1 and a land use designation of Employment under the City of Maricopa General Plan.

Directly to the west of the site is vacant land that the development team understands to be future commercial, retail, office & hospitality uses, while land to the north is mostly dedicated to the Union Pacific Railroad, Maricopa-Casa Grande Highway, and subsequent non-operative easements. South of the subject site is an existing single-family residential community, known as Desert Cedar, consisting of one- and two-story homes. An existing 100 foot wide landscaped tract and perimeter wall is in place to serve the existing single-family community and provide a buffered screening area from the proposed future development. Southeast of the site are 4 single-family homes and additional tract space for the Santa Rosa Crossing subdivision, which is almost fully developed.

The applicant is seeking to rezone the property from CI-1 (Light Industry & Warehouse) to Planned Area Development (PAD) in tandem with a request for a Minor General Plan Amendment to change the land use designation from Employment (E) to High Density Residential (H). The intent for the site is to provide diverse residential housing options accommodating both age and affordability. The development consists of 200 family affordable units, 200 senior affordable units, and 174 market rate units providing a density of 28.46 dwelling units per acre. The senior affordable housing units are designed to create accessible interior circulation for residents, a central amenity area and a pickup/drop off drive at the main entrance for residents who no longer drive themselves. The single wrap structure contains 160 one-bedroom and 40 two-bedroom units. Each of the four family affordable buildings will be comprised of 50 units, which include 26 one-bedroom, 16 two-bedroom, and 8 three-bedroom units. Lastly, the three market rate buildings will include 26 one-bedroom, 20 two-bedroom, and 12 three-bedroom units each.

Parking options will include a combination of covered and uncovered stalls as well as detached garages along the southern property line that act as a buffer from adjacent single-family homes. Access to the site will be provided via public-access promenade beginning at John Wayne Boulevard and continuing east at Honeycutt Avenue through the future commercial development to the non-gated entrance. From the primary entrance at the western property line, the main interior circulation street is intended to provide a welcoming pedestrian experience with well-design connection pathways, tree lined streets and thoughtful hardscape materials to encourage walkability within the community and to the adjacent uses. A secondary exit and fire access road is provided at the northwest corner of the subject site.

Each of the three product types will have their own private clubhouse and amenities along with the open space areas that are accessible to all residents. Additionally, with continued communication between the development team and the City of Maricopa, DBG Properties has been made aware that the City of Maricopa intends on financing and constructing the required utility lines between John Wayne Parkway and the proposed multi-family site in order to serve the proposed future multi-family development through the anticipated future commercial site to the west.

**NEWSPAPER NOTICE**  
NOTICE OF NEIGHBORHOOD MEETING  
GENERAL PLAN AMENDMENT CASE # GPA22-09 & REZONING CASE # PAD22-13

**Neighborhood Meeting**  
Thursday, October 6<sup>th</sup>, 2022 @ 6:00 PM

**Virtual Meeting Option via Zoom:**

1. Go to: [www.zoom.us](http://www.zoom.us)
2. Click on "Join a Meeting"
3. Follow on-screen instructions.

**Meeting ID:** 985 5189 0300  
**Audio-Only Option:** (669) 900-6833  
**Passcode:** 862559

OR

**In Person Meeting Option:**  
Maricopa Library and Cultural Center  
Maple Room  
18160 North Maya Angelou Drive  
Maricopa, AZ 85138

NOTICE IS HEREBY GIVEN THAT at the above listed meeting, a NEIGHBORHOOD MEETING will be held at the above stated date, time, and location. A future notification will be provided when public hearings are scheduled.

DGB Properties, LLC, represented by Alan Beaudoin of Norris Design, is proposing General Plan Amendment (GPA) and Planned Area Development (PAD) to allow for the development of a multi-family residential development at the property generally located at the southeast corner of John Wayne Parkway and Maricopa Casa-Grande Highway.

The Planning and Zoning Division is processing this proposal in accordance with the Zoning Code as a Minor GPA and PAD Rezone.

Anyone wishing to appear and make comment is encouraged to attend. Written comments are welcome and, if received prior to the meeting, will be included in the record. All comments or appeals should be sent in a written form to the Planning and Zoning Division, Attn: Derek Scheerer at 39700 W Civic Center Plaza, Maricopa, AZ 85138 or email at [derek.scheerer@maricopa-az.gov](mailto:derek.scheerer@maricopa-az.gov). Please include name, address, telephone number and signature. For questions, contact the Planning and Zoning Division at (520) 568-9098.

## FORMAL NEIGHBORHOOD MEETING SUMMARY

Date: October 6<sup>th</sup>, 2022

Time: 6:00 p.m.

Format: Hybrid Meeting (Virtual & In Person)

---

### Meeting Location

In Person Attendance Option  
Maricopa Library & Cultural Center - Maple Room  
18160 N. Maya Angelou Drive  
Maricopa, AZ 85138

OR

Virtual Attendance Option  
via  
Zoom Meeting

### Meeting Attendance

The applicants were represented by the following individuals with Norris Design: Rachael Smith, Taylor Moran and Bryce Fredrickson. Additionally, developer and applicant, Eric Grodahl from DBG Properties was present in person while Wahid Enayat was present virtually. Kephart Architecture was represented virtually by Chris Grady and David Beckner. Evan Burn was present virtually to represent Ware Malcomb Engineering, bringing the total development team participants to eight representatives.

From the notified community members, two participants attended the meeting while another two participants attended the meeting in person. A total of 12 participants, including the development team members, were present for the hybrid neighborhood meeting on October 6<sup>th</sup>. Please see below for a full list of participants present at the neighborhood meeting:

ATTENDEES	RELATION TO SITE	IN PERSON OR VIRTUAL
Rachael Smith	Norris Design – Development Team	In Person
Taylor Moran	Norris Design – Development Team	In Person
Bryce Fredrickson	Norris Design – Development Team	In Person
Eric Grodahl	DBG Properties – Development Team	In Person
Wahid Enayat	DBG Properties – Development Team	Virtual
David Beckner	Kephart – Development Team	Virtual
Chris Grady	Kephart – Development Team	Virtual
Evan Burn	Ware Malcomb – Development Team	Virtual
Bill Hackett	44182 W. Juniper Avenue (Desert Cedars Community)	Virtual
Gale Hackett	44182 W. Juniper Avenue (Desert Cedars Community)	Virtual
Sheree Johnson	43782 W. Buckhorn Trail (Santa Rosa Community)	In Person
Join Ash	44236 W. Buckhorn Trail (Desert Cedars Community)	In Person

### Meeting Summary

The development team began the presentation around 6:05 pm to allow for more attendees to filter into the hybrid meeting. Rachael Smith gave a presentation of the rezoning and general plan amendment request to both the in-person attendees and virtual attendees. The presentation included a description of the request as well as the conceptual site plan and building elevations. After speaking to the entitlement proposal, the meeting then separated into two breakout groups. Rachael Smith and Eric Grodahl lead the in-person attendee break out group while the other break out group was led by Taylor Moran and virtual team representatives to speak with the zoom meeting participants. A series of boards & exhibits were presented during the breakout groups to stimulate conversation or questions for the development team to answer. The breakout group exhibits included a context map, conceptual site plan and conceptual

building elevations. The breakout groups discussed for approximately 15 minutes and then both groups came back together to discuss the conversations or questions that needed more clarification. Overall, the hybrid neighborhood meeting ran smoothly and received positive feedback from the attendees. The meeting concluded around 6:50 pm. See below for a summary of Meeting Comments

### **Meeting Comments & Responses:**

- The presentation was in line with the neighborhood meeting held in June. No questions or comments (Hackett)
- Concerns about security and type of people that will reside in family affordable housing
  - Eric explained the workforce will include blue collar residents with salaries ranging from \$30k-\$50k
  - Eric explained that there will be security on site during the day and evening that will be walking around and that cameras will be on site
  - The in-person attendees were very satisfied with his response and felt a lot better (both attendees had law enforcement background)
- What will be the approximate unit monthly rent prices & average square footage per unit?
  - Eric explained the units will be an average of 850 SF with rent ranging from \$1000 to \$1400 per month
- Where did the architectural inspiration come from?
  - Doug gave a conceptual explanation of color & design
  - Attendees were satisfied with the response and understood that the design was still being refined
- Concern for proximity of residential so close to railroad tracks
  - RS informed that there will be a perimeter wall to buffer sound and that the development will further buffer the existing SFR communities from the train sights & sound
- Concern for safety of Senior Residents mixed in with workforce housing rent
  - Eric explained the demographic of both housing products and security measures planned to be on site
- Concern for graffiti and informed the development team of ongoing graffiti & trespassing on the property and within the existing SFR communities
  - Eric sympathized with attendees and informed them that it has been an issue within other previous projects. Security on site should help prevent future graffiti on site and to adjacent development.
- Will there be elevators
  - Development teams informed there will be elevators in all buildings
- “Great Concept” – Joi Ashli
- Satisfied with how the development will tackle safety concerns and will provide on-site security
- “Shared safety concerns with Joi and felt that all questions were answered” – Sherree Johnson
- “Enjoyed the presentation. I had all of my questions answered. Felt very comfortable with the information received. Feel the development will be a positive addition to the community” – Sherree Johnson via Comment Card (retired FBI Agent)

### **Issue Resolution**

Primary concerns regarding safety were resolved by further clarification that there will be security on site which will include surveillance cameras, night patrol walking around the property, perimeter wall along north edge to prevent transients crossing the tracks and into the property, clarification on the demographic that is anticipated to become residents within the future development. The enhanced security measures provided by DBG eased the concern of adjacent residents for issues related to safety, vandalism and general crime. Attendees understood that the site plan and building elevations were conceptual, but were satisfied with the explanation of the concepts, inspiration and the direction the plan was going.

## **PUBLIC HEARING NOTIFICATION**

The following pages include all documents pertaining to the notification letter sent on November 18<sup>th</sup>, 2022, including:

- Final notification letter sent to adjacent property owners (approved by staff)
- Final notification letter attachments sent to adjacent property owners (approved by staff)
- Revised notification letter sent to adjacent property owners with corrected City Council hearing date
- 600-foot radius map of properties contacted
- List of property owners contacted, including parcel numbers, owner names and tax billing addresses

RE: CASE # GPA22-09 & PAD22-13 – OVERLAND / WATERMAN / BUTTERFIELD

This site is generally located at the southeast corner of John Wayne Parkway and Maricopa Casa-Grande Highway within the City of Maricopa incorporated limits.

Dear Neighbor:

An application has been filed with the City of Maricopa by Norris Design, on behalf of DGB Properties, LLC, for a Planned Area Development (PAD) and General Plan Amendment (GPA) to allow for the development of a multi-family residential community, known as Overland / Waterman / Butterfield (formerly known as the Apartments at Honeycutt), at the above-mentioned property. The meeting dates in regards to this request are as follows:

PUBLIC HEARING PROCESS	
<b>Planning &amp; Zoning Commission:</b> December 12 <sup>th</sup> , 2022 @ 6:00 p.m. City Hall 39700 W. Civic Center Plaza Maricopa, AZ 85138	<b>City Council:</b> January 17 <sup>th</sup> , 2022 @ 6:00 p.m. City Hall 39700 W. Civic Center Plaza Maricopa, AZ 85138

According to the Pinal County Assessors records, you are a property owner within 600 feet of the property under consideration. In order to better inform you of the public meeting scheduled for this matter, this notice is being sent to you via first class mail.

If you wish to provide input on this matter, you may attend each meeting or submit written comment before or at the meeting. If you have any questions concerning this matter, please contact Derek Sheerer with the City of Maricopa Planning Department at 520-568-9098. You can also email him at [derek.scheerer@maricopa-az.gov](mailto:derek.scheerer@maricopa-az.gov) subject Case# GPA22-09 & PAD22-13 also known as Overland / Waterman / Butterfield. Additionally, you are welcomed to contact the applicant at 602-254-9600 or by e-mail to [abeaudoin@norris-design.com](mailto:abeaudoin@norris-design.com).

Please see additional pages for project narrative and other exhibits.

Sincerely,

Alan Beaudoin  
Principal

**Narrative - Planned Area Development & General Plan Amendment**  
**SEC John Wayne Blvd. & Maricopa - (APN: 510-25-009S)**  
November 18<sup>th</sup>, 2022

The City of Maricopa has seen rapid growth and development over the past years. Just in the past five years the city's population has grown by over 24%. Now with the recent completion of John Wayne Boulevard, the subject site at the southeast corner of John Wayne Boulevard and Maricopa-Casa Grande Highway is primed for development that meets residential market demand and affordable houses the local workforce. The subject property (APN: 510-25-009S) is optimally located adjacent to the Maricopa-Casa Grande Highway and Amtrak's Maricopa Station. The project site is +/-20.17 acres and has a current zoning designation of CI-1 and a land use designation of Employment under the City of Maricopa General Plan.

Directly to the west of the site is vacant land that the development team understands to be future commercial, retail, office & hospitality uses, while land to the north is mostly dedicated to the Union Pacific Railroad, Maricopa-Casa Grande Highway, and subsequent non-operative easements. South of the subject site is an existing single-family residential community, known as Desert Cedar, consisting of one- and two-story homes. An existing 100 foot wide landscaped tract and perimeter wall is in place to serve the existing single-family community and provide a buffered screening area from the proposed future development. Southeast of the site are 4 single-family homes and additional tract space for the Santa Rosa Crossing subdivision, which is almost fully developed.

The applicant is seeking to rezone the property from CI-1 (Light Industry & Warehouse) to Planned Area Development (PAD) in tandem with a request for a Minor General Plan Amendment to change the land use designation from Employment (E) to High Density Residential (H). The intent for the site is to provide diverse residential housing options accommodating both age and affordability. The development consists of 200 family affordable units, 200 senior affordable units, and 174 market rate units providing a density of 28.46 dwelling units per acre. The senior affordable housing units are designed to create accessible interior circulation for residents, a central amenity area and a pickup/drop off drive at the main entrance for residents who no longer drive themselves. The single wrap structure contains 160 one-bedroom and 40 two-bedroom units. Each of the four family affordable buildings will be comprised of 50 units, which include 26 one-bedroom, 16 two-bedroom, and 8 three-bedroom units. Lastly, the three market rate buildings will include 26 one-bedroom, 20 two-bedroom, and 12 three-bedroom units each.

Parking options will include a combination of covered and uncovered stalls as well as detached garages along the southern property line that act as a buffer from adjacent single-family homes. Access to the site will be provided via public-access promenade beginning at John Wayne Boulevard and continuing east at Honeycutt Avenue through the future commercial development to the non-gated entrance. From the primary entrance at the western property line, the main interior circulation street is intended to provide a welcoming pedestrian experience with well-design connection pathways, tree lined streets and thoughtful hardscape materials to encourage walkability within the community and to the adjacent uses. A secondary exit and fire access road is provided at the northwest corner of the subject site.

Each of the three product types will have their own private clubhouse and amenities along with the open space areas that are accessible to all residents. Additionally, with continued communication between the development team and the City of Maricopa, DBG Properties has been made aware that the City of Maricopa intends on financing and constructing the required utility lines between John Wayne Parkway and the proposed multi-family site in order to serve the proposed future multi-family development through the anticipated future commercial site to the west.

### Subject: GPA22-09 & PAD22-13

Hi Derek, my name is Glenn Oleson and I have some questions and some concerns regarding the PAD adjacent to Desert Cedars. The letter that was sent mentions "family affordable housing". What exactly does this mean? Are these rentals? Is this going to be a subsidized section 8 development? If this type of development is planned it could lead to increased criminal activity in our development. Also it could diminish property values in our area. Additionally would there be any road access into Desert Cedars or Santa Rosa from the south or east side of the development? We already have issues with vehicle traffic as when they built Santa Rosa Crossing they designed it so Juniper Ave was the main access other than Bowlin. Any additional traffic would be devastating.

Dear P&Z Committee,

My name is Donald Moran, I reside at 43948 W Juniper Ave, Maricopa, AZ 85138.

I am opposed to this project as described in the letter I received from Norris Design dated 18 Nov 2022 as I don't believe this is the best and highest use for the described property, APN:510-25-009S, and feel that the existing zoning of CI-1 is the proper future use.

I am also concerned about the possible impact on property values in both Desert Cedars and Santa Rosa by such a high density use in such close proximity to established single family neighborhoods, especially such an overbearing project with multiple 4 story structures.

Thank you for your consideration.

Respectfully,

Donald Moran  
43948 W Juniper Ave, Maricopa, AZ 85138

Hello,

We own a home in the Santa Rosa Crossing development in Maricopa, AZ, and because our property is within 600 feet of the planned development, we received notification of the plans.

While we are not adverse to development in Maricopa, to include affordable housing, we do have some concerns/questions about your design in general:

- How many stories are the units? Currently our community has a nice view of the surrounding mountains and would like to keep at least some of that view. If the property is going to be more than 2 stories tall, it significantly changes the view of **all** who live adjacent to the developed property. Take a look at the Copa Flats apartments near the Walmart for reference regarding height and views.
- Research regarding affordable housing has found (1996 study by Edward Goetz and his colleagues at the University of Minnesota) that “the quality of management influenced whether or not a development had negative effects on nearby property value” and “attribute this finding to the care taken by the developers to deliver designs that suited the scale and character of the surrounding neighborhood.” We hope that your design will deliver a residential development and atmosphere that suits the surrounding landscape and homes and that, if you have say in the matter, has a management team that ensures the residents are respectful to their community members, just as we would hope for a new neighbor moving into a nearby house.
- Lastly, we see that your Community Dog Park is slated to be closest to the residential homes. We are wondering why this amenity is not located further from our homes and closer to the part of the property adjacent to the railroad, to avoid potential noise disruption to nearby residents from barking dogs?

Thank you for your time and consideration,

Rebecca and Mac Johnston  
18630 North Desert Willow Drive  
Maricopa, AZ 85138
