

Temporary Sign Code Amendment

April 18, 2023

Current Sign Code 18.115.120

Purpose

- The purpose of this chapter is to establish comprehensive provisions that will eliminate confusing, distracting and unsafe signs, establish reasonable regulations to promote economic vitality for local organizations and services, and enhance the visual environment of the city of Maricopa.

Current Sign Code 18.115.120

Intent

- The intent of these provisions is to maximize establishment identification, minimize visual clutter, and maintain a high quality of signs throughout the city.

Work Session Feedback

Gather feedback from anyone that may be affected by sign regulation

Come in compliance with case law

Temporary signs to have owner contact information on sign

Increase number of directional signs for non-residential use events within a residential district to 10 signs (One per turning movement)

Clearer language on temporary sign setbacks

- 10 feet from street edge (private or ROW)

Signs may be displayed one hour prior and one hour after event

Added illustration for “sight visibility triangle”
