

LITHONIA LIGHTING

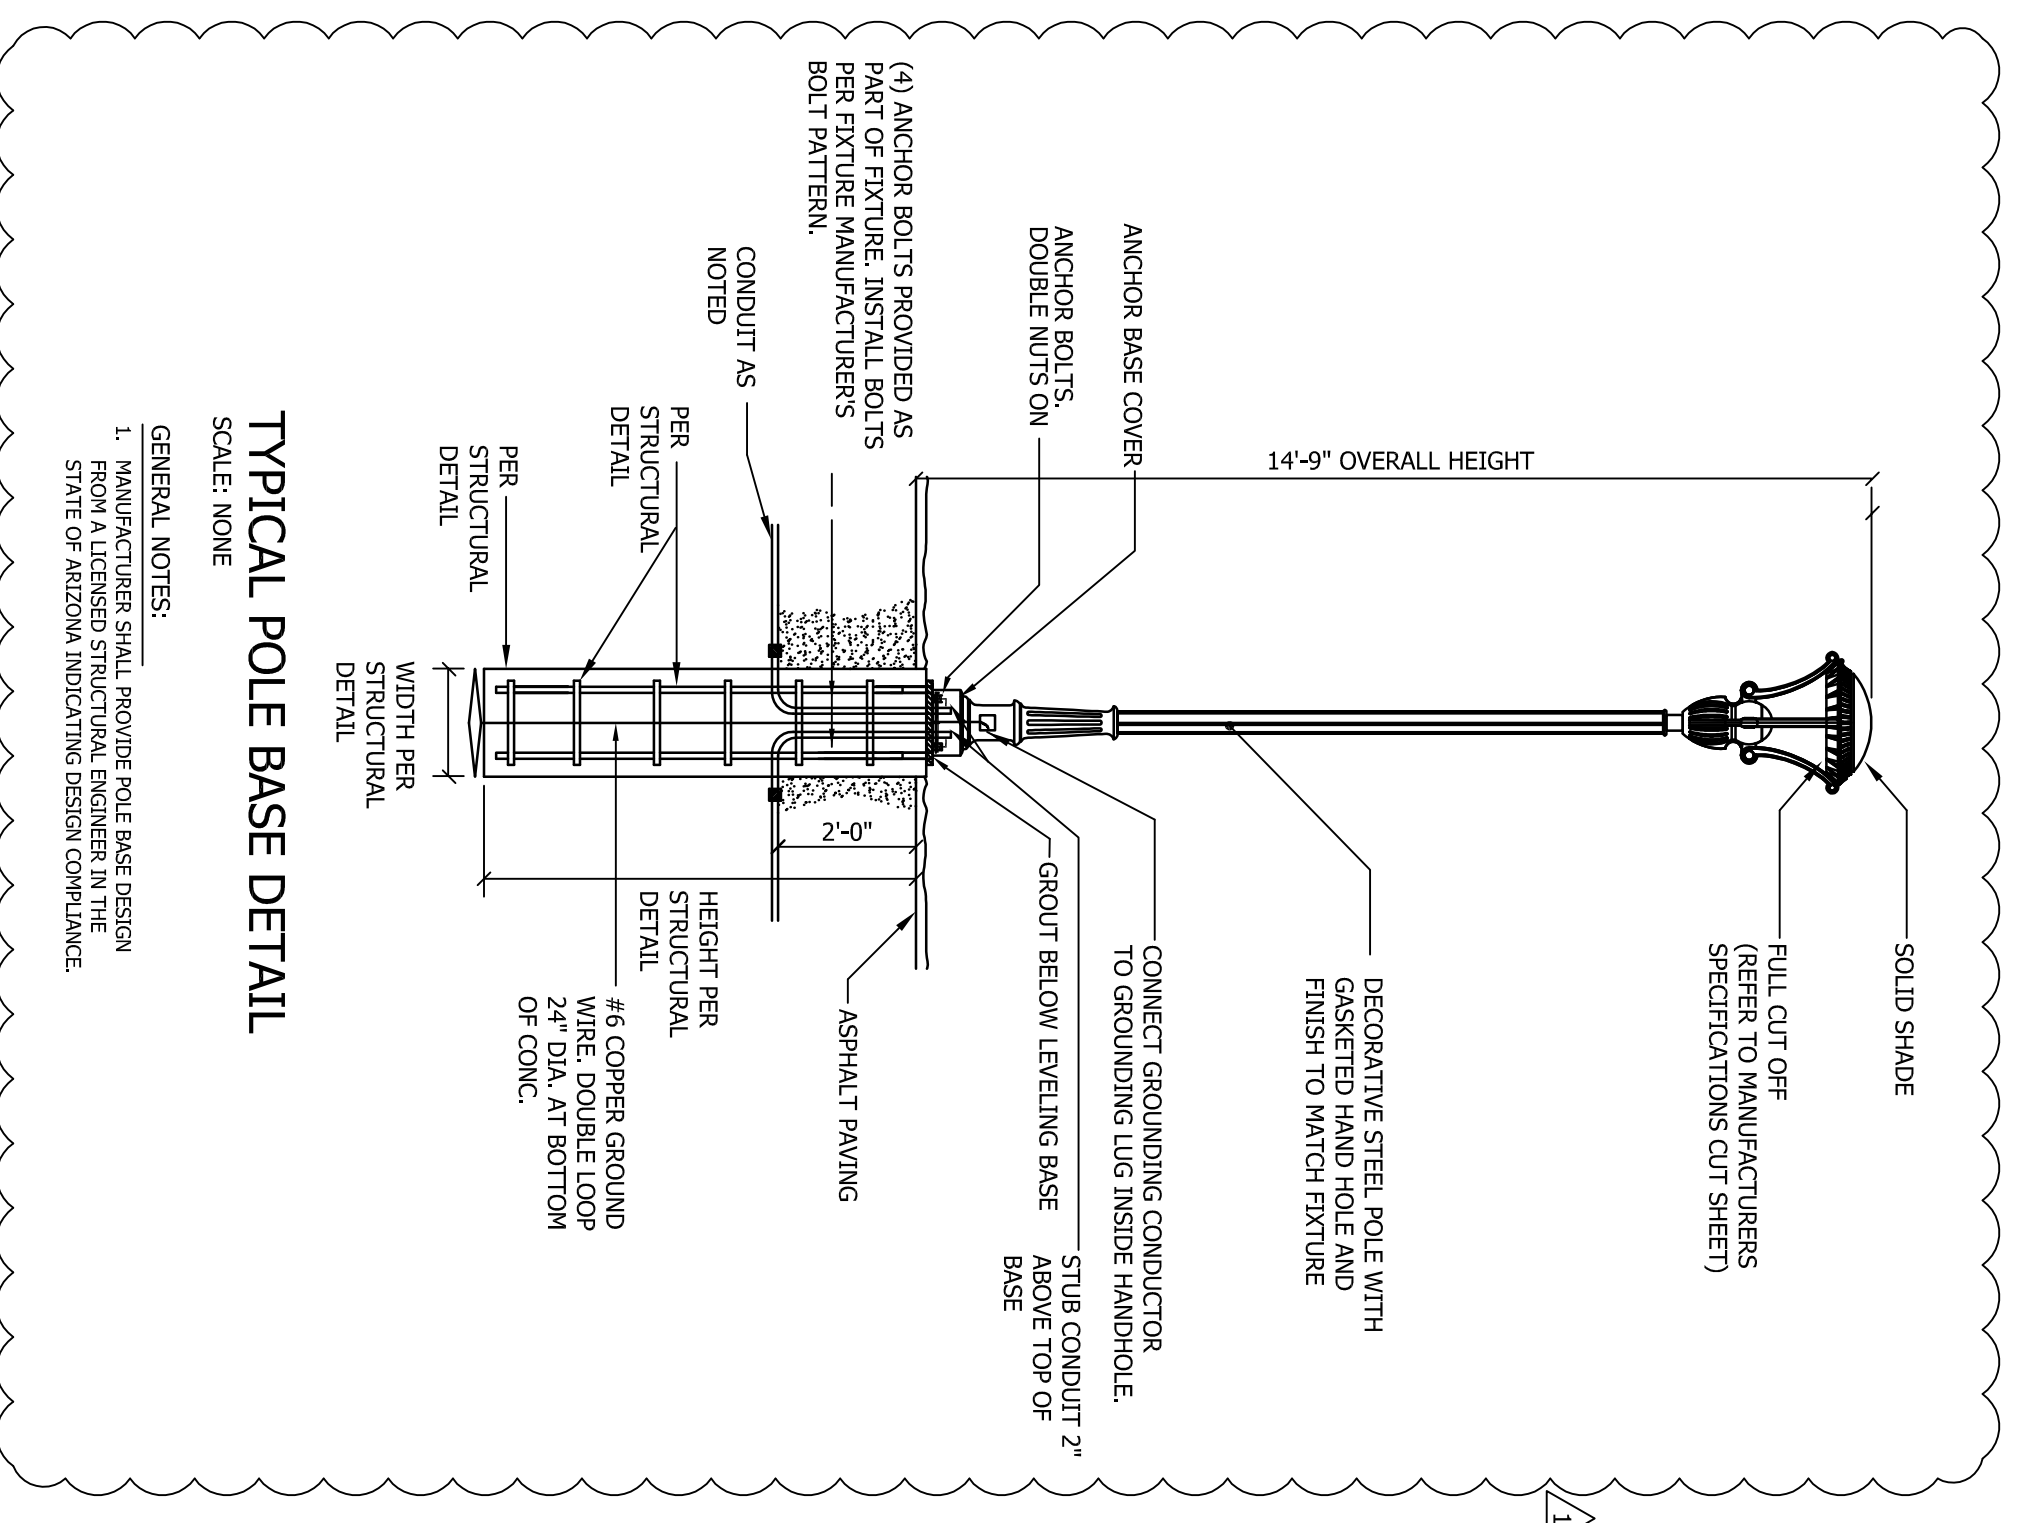

FEATURES & SPECIFICATIONS

DESCRIPTION: Lithonia Lighting's WSTM is a high-quality, wide-angle, street lighting fixture designed for use in urban and suburban environments. It features a wide beam angle of 120 degrees and a mounting height of 12 feet. The fixture is made of die-cast aluminum and is available in a variety of finishes, including white, black, and bronze. It is also available with optional features such as a photocell and a vandal-resistant lens.
