## PROJECT LOCATION

## HISTORY SUMMARY

The parcel of land where city center currently sits was previously owned by the Neeley family and used as farm land. At some point in time the Neeley family sold the land to Fulton homes for development and in 2006 the land was rezoned to CR-3 - single family zone and a Planned Area Development was applied through ZON06-01 and PAD06-01. In 2011 the city of Maricopa once again rezoned the land to what it currently, TR Transitional zoning through ZON11-01.

## ANALYSIS

---

The City of Maricopa is requesting a rezone of the subject property from TR Transitional (old zoning code) to Public Institution PI (new zoning code). This zone change request is to accommodate a proposed future library development that will be submitted at a later date as a separate development application request. This request is solely for the land use change from TR – transitional zoning to PI – public institution zoning.

This rezone will help in reaching the goal to develop city center, an environment that could support work-live-play-learn environments. The new library will be one of the first steps towards the goal of fostering the development of a town center that includes local shops, restaurants, pedestrian walkways, civic space, and diverse housing.

## CITIZEN PARTICIPATION:

---

Prior to recommending approval of the rezoning, the applicant submitted a public participation plan to inform residents of the proposed rezoning, as required per the city's Zoning Code. The Public Participation Plan included a neighborhood meeting, notification letters to approximately 30 - 40 property owners within 900 feet of the subject area, public notice signs within the subject area, and legal notices in the local newspaper circulator. A timeline of the participation event is shown below.
