Kooline Plumbing LLC Office Location

Mohammed & Farzana Nazeem are looking to amend the land use designation set in the Maricopa General Plan for parcel 510-71-0210 to Mixed Use Neighborhood designation which will allow for the development of the Kooline Plumbing Office.

- A. Project Description: The proposed “Project” is adaptation of a residential lot located within Seven Ranches. The Project includes removal of existing dilapidated residential modular homes, clean-up and removal of trash debris, removal of “fire hazards” and installation of a new 6-foot perimeter chain link fence. The Project recommends placement of a 12-foot by 60-foot Construction Office as a temporary office for operations of the plumbing business. The Project also contemplates site improvements including parking improvements for guests and employees. Parking and circulation improvements are also proposed for users include a gravel egress and parking for dust control.
- B. Proposed Use: The proposed use of this project is the use of this residential lot located within Seven Ranches to operate a small plumbing business as a home-based business.
- C. Utility Disconnection:
 - Electrical
 - The property has a pedestal type power supply with meter. The meter has been disconnected from power by Electrical District 3. There was a utility whip providing power to the trailers. That “whip” was disconnected from the trailers.
 - Water
 - The property has a water service meter at the utility easement of the property a couple feet in front of the fence. The water is provided by Seven Ranches and has been shut off. The water line to the property has been capped.
