She stated that the fee for the fencing and concrete work would be incurred by the City but was not given an estimate. She stated that until the issue of the fencing was resolved, Copper Sky would be available Monday through Friday until the summer began. She invited questions from the Mayor and Council.

Councilmember Smith expressed concerns with the additional costs. She stated that if the City's cost on the SRO's (School Resource Officers) exceeded the cost of room rental, the school should be responsible for the additional costs as well. Councilmember Wade inquired if any other groups would be displaced as result of the transition into Copper Sky. Mrs. Riester elaborated and noted that the room won't be available for rental and that certain enrichment classes won't have access to the rooms. Councilmember Smith reiterated her concerns that allowing other adults would create potential issues. Discussion ensued.

Mayor Price stated the process would be trial and error and elaborated. He stated that it would be best to take it one step at a time and compile reports during the process. Mrs. Riester clarified that the transition plan was to move the seniors to Copper Sky Monday through Friday until the issue at Santa Cruz Middle School was determined. She added that she would present the details of the additional cost as soon as they became available.
