He stated the CDBG consisted of approximately \$265,000 every 2 years and those past funds were used to demolish buildings deemed a safety hazard. He stated funds must be used to benefit low-income persons and areas, alleviate slum and blight, or address an urgent need. He stated it was recommended to have a number of projects suggested. He detailed the process that included a Conditional Letter of Intent sent to the Arizona Department of Housing on May 1st, 2 meetings for public input (May 2nd and June 6), a recommendation from City Council on June 6, the Grant Application Submitted for review by August 1st and the Grant Application Formal Submittal by September 1st, 2017. He invited questions from Council and stated that any project brought forward during the public hearing would be evaluated.

Councilmember Smith reported she attended the Heritage District Advisory Committee meeting that discussed the CDBG. Mr. Noble stated the intent of the study was to do a comprehensive study of the Heritage District to possibly remove areas from the floodplain. He stated that Engineer/ Floodplain Manager, Josh Plumb was in contact with the Pinal County Flood District and they informed him that parts of the Heritage District would be removed from the floodplain upon completion of the study. Councilmember Smith asked for clarification on areas that would be removed from the floodplain. Mr. Plumb clarified that removal from the floodplain would be instantaneous upon completion of the study and elaborated. Discussion ensued regarding the intent of the Flood Mitigation Study.

Councilmember Wade asked if there was a break even amount that would still allow him to do what he was trying to accomplish. Mr. Noble elaborated on the expected amount. Mr. Wozniak elaborated that the amount could not be determined until the project was evaluated and designed.

Councilmember Manfredi asked details on the sidewalk on Edwards Avenue. Planner, Ryan Wozniak confirmed the location of Edwards and stated there was a completed sidewalk on the south-side, but the north side was incomplete. Councilmember Manfredi asked if it would take the full amount to complete the

project. Mr. Noble stated the projects were in the process of being evaluated.

Councilmember Smith asked if a single project had to be selected or if it could be a combination. Mr. Noble responded the funds must go toward one single project and elaborated that staff was in the process of preparing evaluations with estimated budgets for each project.

Mayor Price asked if each of the projects was expected to consume the entire funds and what the Flood Mitigation Study would cost. Mr. Noble responded that according to discussions with a number of consultants, it was expected that the study could be done for the amount. Mr. Noble reiterated that they were currently in the evaluation process to include estimated budgets for the projects but the numbers were not available yet. Councilmember Wade inquired what would happen if the selected project went over the amount. Mr. Noble elaborated that if the project was under budget the extra amount would be lost, and that if it was over budget the City would bear the burden of the cost.

Vice Mayor Brown inquired how the extra costs would be returned if the project was under the \$265,000. Mr. Noble stated that funds were not awarded in one check of \$265,000, and elaborated.

Mr. Fitzgibbons responded that the grant had been given to a non-profit organization in the past. Discussion ensued.
