9. Regular Agenda and/or Public Hearings

9.1 PRES 19-04

The Mayor and City Council shall hear and discuss a presentation of the City of Maricopa Express Transit (COMET) proposed mid-cycle budget adjustment, ridership and trends. Discussion Only.

Transportation Policy Manager David R. Maestas gave a PowerPoint presentation on the City of Maricopa Express Transit (COMET). He clarified the presentation was informational only, and approval would be until May. He reviewed current services including route deviation service, local demand response, regional demand response and limited demand response. He detailed ridership from 2013 to 2018. He elaborated how recent changes to the Copper Sky minimum age impacted ridership and detailed ridership by mode. He stated COMET supported the following special events in 2018: Salsa Festival, Great American Fourth, Veteran's Day Parade, Merry Copa and Shop with a Cop. He discussed new developments including a full schedule Route Deviation Service with new service hours from 7 a.m. to 5:30 p.m., an added stop in Shea Way, a new 15 passenger bus and a new staff position for a transit coordinator. He recommended discontinuing the Summer Shuttle service for two reasons: One, because the minimum age for unattended minors at Copper Sky would be raised to 12 years and ridership would drop off, and two the completion of the 347 Overpass would eliminate the danger of children crossing the train tracks to get to Copper Sky. He asked for direction from Council.

Councilmember Vitiello asked what the ridership was for the Summer Shuttle before the changes. Mr. Maestas responded there were approximately 1,400 to 1,500 riders in 2017 but it was expected to drop dramatically. Mayor Price stated he would like to see some ideas on options before the decision was done. City Manager Horst recommended not taking actions until future development has an opportunity to blossom. Discussion ensued.

Councilmember Smith asked for clarification on the Route Deviation schedule. Mr. Maestas added that the long term goal was to get service 7 day per week. Councilmember Smith asked if the new Transit Coordinator would be tasked with marketing the services to increase ridership. Mr. Maestas elaborated that the lack of marketing was due to the service being at full capacity and elaborated. Next, Councilmember Smith inquired about the feeder shuttle. Mr. Maestas stated the feeder shuttles were part of the future plans which also included renaming all services for easy recognition. He explained that feeder shuttles would connect all neighborhoods to the core route, similar to last mile services. He discussed other future plans including increasing the Demand Response to full service, continuing to study commuter demand to Phoenix Metro area and the connection to Central Arizona Regional Transit (CART). He discussed the proposed budget mid-cycle adjustment for Fiscal Year 2019-2020 (FY19-20). He reiterated that the presentation was for information only and staff would come back on May 7 for approval of the budget and elaborated. He opened the floor for questions.

Councilwoman Gusse asked if the proposed budget took into account the elimination of the summer shuttle services. Mr. Maestas clarified that the proposed budget included the summer shuttle because it was drafted before the recommendation to cancel it. Councilwoman Gusse asked if there was an increase of usage at Central Arizona College (CAC). Mr. Maestas responded he would have to look at ridership and elaborated.

Mayor Price inquired if services intersected with the Ak-Chin Community services. Mr. Maestas responded that it only intersected at the shuttle stop at the casino and elaborated. Mayor Price recommended reaching out.

Vice Mayor Wade asked who was responsible for bus stop maintenance. Mr. Maestas responded the property's owner was responsible and elaborated. He stated there was no formal agreement, but the transit coordinator would pursue that.

Councilmember Brown asked if new locations for bus shelters had been identified. Mr. Maestas responded that they had not been identified and elaborated on the process. Councilwoman Gusse asked if any location had been identified in the Heritage District. Mr. Maestas responded, not at this time.

The Presentation was heard.

10. Executive Session

There was no executive session.

11. Adjournment

A motion was made by Councilmember Nancy Smith, seconded by Councilmember Vincent Manfredi, to Adjourn at 8:16 p.m. The motion carried unanimously.
