The Mayor and City Council shall discuss and possibly take action on the transfer of \$9,748,552.10 in appropriated CIP projects and the transfer of the remaining General Fund, CIP Reserve balance of \$25,264,316.00, for a total transfer of \$35,012,868.10, into a newly created General Governmental CIP Fund. Discussion and Action.

Currently, the City appropriates General Governmental Capital Improvement Projects (CIP's) in the General Fund. These projects are then funded and accounted for from the Capital Improvement Reserve also residing in the General Fund.

Staff is proposing the establishment of a General Governmental CIP Fund Based on government finance best practices and better CIP accountability. The funding for the appropriated projects, and the proposed transfer, is detailed below. Additionally, staff is proposing that the remaining General Fund, CIP Reserve balance of \$25,264,316.00, which has not been appropriated, also be transferred into the newly created General Governmental CIP Fund.

If approved, staff will also be reclassing current year expenditures and encumbrances related to the CIP projects once the fund has been established.

Although the unappropriated CIP Reserve balance of \$25,264,316.00 would reside in the newly created fund, staff is proposing any investments earnings be recorded in the General Fund in order to offset operating expenses which is the current practice.

Staff recommends the transfer of \$9,748,552.10 in appropriated CIP projects and the transfer of the remaining General Fund, CIP Reserve balance of \$25,264,316.00, for a total transfer of \$35,012,868.10, into a newly created General Governmental CIP Fund.
