The Mayor and City Council shall discuss and possibly take action on approval to proceed with Maricopa Domestic Water’s request to abandon King Street and an attached 16-foot-wide alley. Discussion and Action.

As required by the City’s Abandonment application procedures, on March 21 the Mayor and City Council heard public comment(s) on case number 20160810, a request by Maricopa Domestic Water to abandon King Street and an attached 16-foot-wide alley, located on the north side of Garvey Avenue, south of the County court building, and east of the Wilson Road alignment, within the incorporated limits of the City of Maricopa. The next step in this process requires staff to present its recommendation to Council, based on public input received, so Council may decide whether to proceed with the abandonment requested. Upon Council’s approval to proceed, an appraisal will be submitted to the City for review, and on May 16, Council will be asked to discuss and possibly take action on accepting the value as appraised and formally adopting ordinance of the abandonment.

This item will be presented by Public Works Director/City Engineer William P. Fay.

Staff recommends that the Mayor and City Council approve proceeding with Maricopa Domestic Water’s request to abandon King Street and an attached 16-foot-wide alley.
