On March 15, 2016 Park Manager Mike Riggs gave a presentation on a proposed Community Services Mosquito Control Strategy. After discussing the various options, City Council recommended that staff proceed with the purchase of the Dyna Jet L30 which is the same system that was recommended and is in use by the Maricopa County Vector Control.

The Community Services department is requesting \$15,000 from contingency to obtain the necessary equipment to provide mosquito vector control within our City parks to help reduce the chance of virus transfer and nuisance mosquitoes.

This item is being presented by Mike Riggs, Parks Manager.

Staff recommends that Mayor and City Council approve the transfer of funds from Contingency to Park Maintenance for the purchase of a Dyna Jet L30 Cold Fogger.
