

City of Maricopa

Legislation Text

File #: IGA 19-11, **Version:** 1

The Mayor and City Council shall discuss and possibly take action on approving an Intergovernmental Agreement (IGA) with the Maricopa Unified School District regarding shared facilities. Discussion and Action.

The City of Maricopa values its strong relationship with the Maricopa Unified School District (MUSD). As a part of this relationship, the City and MUSD share facilities and resources in order to improve the services provided by the two public agencies. In order to continue this relationship and these shared services, two Intergovernmental Agreements (IGAs) must be approved.

1) School Resource Officer. The City of Maricopa Police Department provides a School Resource Officer (SRO) to the school district--the officer being located at Maricopa High School. The SRO is responsible for problem solving and partnership efforts and activities at the school along with law enforcement related activities at the school. The Police Department supervises the work of the SRO and provides transportation and the necessary equipment to accomplish all assignments. As such, the Police Department is responsible for conducting SRO performance evaluations with input from the Site Administrator or Principal of the school. The Police Department is also responsible for all SRO training. In exchange for this service, MUSD reimburses the City the yearly costs of the SRO.

2) Shared Facilities. The City of Maricopa and MUSD also share facilities for special events. The City may use district facilities such as playing fields, multipurpose rooms, theaters, board rooms, classrooms, or other facilities for events. The District may use City playing fields, gymnasiums, aquatic facilities, or other facilities for events. Either agency may use these shared facilities for sporting, civic, art, or educational events. The IGA, in essence, permits this shared use of facilities while insuring costs are covered by the appropriate party and liability is assigned accordingly.

With these two agreements in place, the City will be able to continue these important relationships for shared resources and facilities.

The City Manager recommends that the Mayor and City Council approve an Intergovernmental Agreement (IGA) with the Maricopa Unified School District regarding shared facilities.
