This contract, which is based on Yuma County Contract No. C2015-2016CY.02, is in compliance with City of Maricopa Purchasing Code Article IV, Section 3-223 "Cooperative Purchasing." Discussion and Action.

Pavement markings have reflective properties within the paint that allow them to be seen driving at night. Over time, these reflective properties fade and need to be refreshed.

A significant portion of this contract will add pavement markings to collector streets within subdivisions for bike lane facilities. Staff recommends this action to advance multimodal goals set forth in the Area Transportation Plan and General Plan.

This item will be presented by Public Works Director/City Engineer William P. Fay.
