Discussion and Action.

The Maricopa City Council received a presentation at the June 16<sup>th</sup> Work Study Session on a video camera monitoring solution specific to the Copper Sky Regional Park. Council approved further exploration into this solution for their action. Based on the research conducted to date, the solution can be implemented within the \$50,000.00 threshold. The funding for this solution was not provided during the construction phase of the park and is not designated in the 2014-15 budget. Staff recommends approval permitting City Manager Rose funding this project utilizing discretionary funds. Approval allows the request for quotes (RFQ) process to begin.

This item will be presented by Maricopa Chief of Police Steve Stahl.
