

City of Maricopa

Legislation Text

File #: MOU 15-01, **Version:** 1

The Mayor and City Council shall discuss and possibly take action to accept a grant from Firehouse Subs Public Safety Foundation and enter into a Memorandum of Understanding in an amount not to exceed \$29,000 for the purchase of an emergency medical unit (ATV). Accepting the grant and also designat the City Manager authority to sign all necessary documents. Discussion and Action.

In October 2014 the Mayor and City Council provided the Maricopa Fire Department consent to submit a grant application to Firehouse Subs Foundation. In December 2014 the Maricopa Fire Department received award notification and was presented with a Memorandum of Understanding to accept the funds.

The Firehouse Subs Public Safety Foundation was created to extend the Firehouse Subs mission to give back to the community from where the founders started, in the firehouse. Since Firehouse Subs was founded by firemen, what better way than to lend a helping hand to hometown heroes. The Firehouse Subs Public Safety Foundation was created to ease the burden of fire department, law enforcement and other emergency service entities by providing funding, resources and support. In order to accomplish its mission, the Firehouse Subs Public Safety Foundation:

1. Provides emergency service entities with life-saving equipment.
 2. Provides prevention and educational tools to the public about the importance of fire safety, emergency services, and natural disaster preparedness in order to prevent disasters in the home and community.
 3. Provides financial resources to individuals pursuing a career in public safety.
 4. Provides ground assistance during disasters by feeding victims and medical workers on the scene.
- The ATV or medical unit would be utilized by the fire department to increase accessibility to remote sections of the desert, river washes, stretches of terrain along the railroad tracks and at community events to provide medical assistance.

This item will be presented by Fire Chief, Brady Leffler and Community Programs Manager, Mary Witkofski.

Staff recommends the Mayor and City Council accept a grant from Firehouse Subs Public Safety Foundation and enter into a Memorandum of Understanding in an amount not to exceed \$29,000 for the purchase of an emergency medical unit (ATV). Accepting the grant and also designate the City Manager authority to sign all necessary documents.
