

# City of Maricopa

## Legislation Text

---

**File #:** PRES 16-28, **Version:** 1

---

The Mayor and City Council shall hear a presentation acknowledging the completion of the fall session of the Maricopa Citizens Leadership Academy (MCLA).

Since 2008, the City has hosted a program that introduces Maricopa residents and business leaders to the inner workings of their local government. More than 200 residents have completed the program since that time.

The Citizens Leadership Academy provides an interesting perspective into the workings of Maricopa. Through a series of interactive and informative workshops, participants gain valuable knowledge of Maricopa that will prepare them to become a more active participant in the community.

Departments featured include:

- City Manager's Office
- City Clerk's Office
- Community Services
- Development Services
- Public Works
- Economic Development
- Finance
- Fire
- Human Resources
- Police

The next Maricopa Citizen Leadership Academy is scheduled to start in the Spring of 2016.

Staff would like to present the most recent graduates of the MCLA. No additional action is required.
